(Friedman D) Transportation planning: regional transportation plans: reduction of greenhouse gas emissions.

Current Text: Amended: 5/30/2024 [html](#) [pdf](#)

Last Amend: 5/30/2024

Status: 6/11/2024-In committee: Set, first hearing. Hearing canceled at the request of author.

Location: 5/30/2024-S. TRANS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires certain transportation planning agencies to prepare and adopt regional transportation plans directed at achieving a coordinated and balanced regional transportation system. Current law requires that each regional transportation plan include a sustainable communities strategy prepared by each metropolitan planning organization in order to, among other things, achieve certain regional targets established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region for 2020 and 2035, respectively. Current law requires the state board to update the regional targets every 8 years until 2050. Current law requires a metropolitan planning organization, before adopting a sustainable communities strategy, to quantify the reduction in the emissions of greenhouse gases projected to be achieved by the sustainable communities strategy and set forth the difference, if any, between the amount of that reduction and the regional targets. This bill would require the state board to update the regional targets indefinitely, rather than only until 2050, and authorize the state board to update the years to which those targets apply, as specified.

(Friedman D) Transportation: planning: project selection processes.

Current Text: Amended: 9/1/2023 [html](#) [pdf](#)

Last Amend: 9/1/2023

Status: 9/14/2023-Failed Deadline pursuant to Rule 61(a)(14). (Last location was INACTIVE FILE on 9/11/2023)(May be acted upon Jan 2024)

Location: 9/14/2023-S. 2 YEAR

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	2 year	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Transportation Agency is under the supervision of the Secretary of Transportation, who has the power of general supervision over each department within the agency. The secretary, among other duties, is charged with developing and reporting to the Governor on legislative, budgetary, and administrative programs to accomplish coordinated planning and policy formulation in matters of public interest, including transportation projects. On and after January 1, 2025, and to the extent applicable, feasible, and cost effective, this bill would require the agency, the Department of Transportation, and the California Transportation Commission to incorporate specified goals into program funding guidelines and processes.

1st House				2nd House							

Summary: Current law establishes the Higher Education Student Housing Grant Program to provide one-time grants for the construction of student housing, or for the acquisition and renovation of commercial properties into student housing for the purpose of providing affordable, low-cost housing options for students enrolled in public postsecondary education in the state. Current law requires the University of California to fund capital outlay planning and construction grants using revenue bond funding issued by the University of California for certain projects. Existing law requires General Fund support for certain grants provided to the California Community Colleges to revert to the General Fund and instead be funded with local revenue bonds issued by community college districts, as specified. Current law requires a community college that has already received an allocation of resources to revert those General Fund resources by June 29, 2024, or upon the enactment of the Budget Act of 2024, whichever is later. This bill would instead require the University of California to allocate funding for capital outlay planning and construction to finance those projects. The bill would instead require a community college that has already received an allocation of resources to revert those General Fund resources upon the community college's receipt of proceeds derived from amounts borrowed by the State Public Works Board pursuant to any financing program established to support community college affordable student housing projects, or upon the appropriation of funds related to fulfilling the community college's obligation to revert the allocation it received, as specified.

Summary: Existing law establishes in the Business, Consumer Services, and Housing Agency, the Department of Consumer Affairs. Under existing law, the department is composed of various boards, bureaus, committees, and commissions. This bill would, until January 1, 2027, require the minimum number of hours, or equivalent, established in this state for education programs that qualify persons for any license issued by a board within the department, to be equal to the number of clock or credit hours that is approved by the department, as specified. The bill would require the applicable board, no later than January 1, 2027, to complete its review of a request by an education program, as specified, to modify the program to reduce the program clock or credit hours, as provided.

Status: 7/1/2024-Re-referred to Com. on B. & F.R.

Location: 7/1/2024-S. BUDGET & F.R.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, until January 1, 2025, exempts from the requirements of the California Environmental Quality Act (CEQA) projects that conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife and the habitat upon which they depend and projects that restore or provide habitat for California native fish and wildlife, as provided. Current law requires a lead agency to obtain the concurrence of the Director of Fish and Wildlife for the exemption determination. Current law requires the lead agency to file a notice of exemption within 48 hours of making a determination that a project is exempt from CEQA with the Office of Planning and Research and requires the Department of Fish and Wildlife to post the director's concurrence on its internet website. This bill would extend the above-described exemption from the requirements of CEQA by 5 years to instead be until January 1, 2030. By extending the duties of the lead agency in implementing the exemption, this bill would impose a state-mandated local program.

1st House				2nd House							

Summary: Current law authorizes the Department of Transportation to do any act necessary, convenient, or proper for the construction, improvement, maintenance, or use of all highways that are under its jurisdiction, possession, or control. This bill would require the department to develop guidelines for data sharing, documentation, public access, quality control, and promotion of open-source and accessible platforms and decision support tools related to street furniture data, as provided. The bill would define "street furniture" as objects and pieces of equipment installed along a street or road to provide amenities for pedestrians, including, but not limited to, bus shelters, trash receptacles, benches, or public toilets. The bill would require the department to develop the guidelines, in collaboration with specified state and local agencies, and submit a report to the Legislature by January 1, 2025, and every 3 years thereafter, describing those guidelines. To the extent this imposes duties on local agencies, the bill would impose a state-mandated local program. The bill would also require the department to designate the Integrated Climate Adaptation and Resiliency Program Technical Advisory Council, or another entity with expertise and experience working on equity, to advise on the development of the initial and subsequent guidelines, and review the reports related to those guidelines, as provided.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes the legislative body of a local agency, as defined, to make, by ordinance, a violation of an ordinance subject to an administrative fine or penalty, as specified. Current law requires the local agency to set forth by ordinance the administrative procedures that govern the imposition, enforcement, collection, and administrative review by the local agency of those

administrative fines or penalties. Current law authorizes a person contesting a final administrative order or decision to seek review by filing an appeal to be heard by the superior court, as specified. This bill would make the above-described appeal the exclusive means of judicial review for an administrative fine or penalty that does not exceed a specified amount and that is imposed for violation of a local law regulating or prohibiting commercial cannabis activity, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	2 year	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Housing Authorities Law creates a housing authority in each county and each city that is authorized to transact business and exercise specified powers upon adoption of a resolution by the governing body of the county or city declaring that there is a need for the authority to function. Among other things, current law authorizes a housing authority to prepare, carry out, acquire, lease, and operate housing projects and housing developments for persons of low income, as provided. This bill would establish the Federal Housing Voucher Acceleration Program, and would require the Department of Housing and Community Development to establish, administer, and fund a grant application process and award grants to public housing authorities in geographically diverse communities, as determined by the department, on or before July 1, 2024. The bill would authorize applicants to use grant funds to provide specified services to the eligible population. The bill would require the department to allocate grant funds to applicants based upon the number of public housing and Section 8 vouchers maintained by the housing authority and by a housing authority's success rate, defined as the percentage of new voucher families that successfully lease a qualifying unit.

Last Amend: 6/10/2024

Status: 7/2/2024-From committee: Do pass and re-refer to Com. on APPR. (Ayes 5. Noes 0.) (July 1). Re-referred to Com. on APPR.

Location: 7/2/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the Governor to create an Interagency Council on Homelessness, consisting of specified members, and provides specified goals for the council, including to coordinate existing funding and applications for competitive funding. Current law requires the council to create a statewide data system, which is known as the Homeless Data Integration System, that collects local data through the Homeless Management Information System, with a goal of matching data on homelessness to programs impacting homeless recipients of state programs. Current law authorizes the council to collect data from continuums of care. Current law defines state programs as any programs a California state agency or department funds, implements, or administers for the purpose of providing housing or housing-based services to people experiencing homelessness or at risk of homelessness, except as specified. The bill would additionally require the council to include the Governor’s Tribal Advisor. The bill would remove the above-mentioned reference to competitive funding and would instead require the council to coordinate applications for funding. The bill would require council staff to develop and regularly maintain a strategic funding guide and a calendar of new or existing funding opportunities. The bill would require agencies and departments administrating state programs to provide the council updated information on new or existing funding opportunities on a quarterly basis.

Current Text: Amended: 5/29/2024 [html](#) [pdf](#)

Last Amend: 5/29/2024

Status: 6/5/2024-In committee: Set, second hearing. Failed passage. Reconsideration granted.

Location: 5/1/2024-S. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Ralph M. Brown Act, requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. Current law authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency (emergency provisions) and, until January 1, 2026, in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency’s jurisdiction and other requirements are met (nonemergency provisions). Current law imposes different requirements for notice, agenda, and public participation, as prescribed, when a legislative body is using alternate teleconferencing provisions. The nonemergency provisions impose restrictions on remote participation by a member of the legislative body and require the legislative body to provide specific means by which the public may remotely hear and visually observe the meeting. This bill, until January 1, 2026, would authorize a subsidiary body, as defined, to use similar alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require at least one staff member of the local agency to be present at a designated primary physical meeting location during the meeting. The bill would require the local agency to post the agenda at the primary physical meeting location. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. The bill would also require the subsidiary body to list a member of the subsidiary body who participates in a teleconference meeting from a remote location in the minutes of the meeting. In order to use teleconferencing pursuant to this act, the bill would require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter.

Last Amend: 5/1/2023

Status: 5/22/2024-Re-referred to Coms. on L. GOV. and HOUSING.

Location: 5/22/2024-S. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines terms for these purposes, including, among others, "surplus land" to mean land owned in fee simple by any local agency for which the local agency's governing body takes formal action in a regular public meeting declaring that the land is surplus and is not necessary for the agency's use. Current law defines "exempt surplus land" to mean, among other things, surplus land that a local agency is exchanging for another property necessary for the agency's use and surplus land that a local agency is transferring to another local, state, or federal agency for the agency's use. Current law provides that an agency is not required to follow the requirements for disposal of surplus land for "exempt surplus land," except as provided. This bill would provide, until January 1, 2024, that land that is subject to a sectional planning area, as described, is not subject to the above-described requirements for the disposal of surplus land if specified conditions are met. The bill would, commencing April 1, 2025, and annually thereafter, require a local agency that disposes of land pursuant to these provisions submit a specified report to the Department of Housing and Community Development.

Status: 7/3/2024-From committee: Do pass and re-refer to Com. on APPR. (Ayes 8. Noes 2.) (July 2). Re-referred to Com. on APPR.

Location: 7/3/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes a low-income housing tax credit program, through which the California Tax Credit Allocation Committee allocates low-income housing tax credits aimed at providing affordable low-income housing within and throughout the state. Current law authorizes the committee to undertake specified responsibilities in allocating the tax credit, including entering into regulatory agreements relating to projects that are allocated the tax credit. Existing law requires the committee, when allocating the tax credit, to prefer specified projects, including projects that serve lowest income tenants at rents affordable to those tenants. This bill would require the committee, on or before June

30, 2025, to adopt regulations to establish a limit on annual rent increases for tenants in existing properties that were allowed a low-income housing tax credit.

Summary: The Planning and Zoning Law requires a city or county to adopt a comprehensive general plan for the city's or county's physical development that includes various elements, including, among others, a land use element that designates the proposed general distribution and general location and extent of the uses of the land in specified categories, and a circulation element that identifies the location and extent of existing and proposed major thoroughfares, transportation routes, terminals, any military airports and ports, and other local public utilities and facilities, as specified. This bill, the Local Electrification Planning Act, would require a city, county, or city and county to prepare and adopt a specified plan, or otherwise integrate a plan into the general plan, that, among other things, identifies opportunities to expand electric vehicle charging to meet the needs of the city's, county's, or city and county's current and future visitors, residents, and businesses, and includes policies and implementation measures that address the needs of disadvantaged communities, low-income households, and small businesses for investments in zero-emission technologies that directly benefit these groups, as specified. The bill would require a city, county, or city and county to adopt a specified plan, or otherwise integrate the plan into the general plan, on or after January 1, 2026, but no later than January 1, 2029.

1st House				2nd House							

Summary: Would require the State Water Resources Control Board, in consultation with the Department of Fish and Wildlife, to adopt principles and guidelines for diversion and use of water in coastal watersheds, as specified, during times of water shortage for drought preparedness and climate resiliency. The bill would require that the principles and guidelines allow for the development of locally generated watershed-level plans to support public trust uses, public health and safety, and the human right to water in times of water shortage, among other things. The bill also would require the state board, prior to adopting those principles and guidelines, to allow for public comment and hearing, as provided. The bill would make the implementation of these provisions contingent upon an appropriation of funds by the Legislature for this purpose.

Current Text: Introduced: 2/16/2023 [html](#) [pdf](#)

Status: 6/13/2024-In committee: Hearing postponed by committee.

Location: 6/7/2024-S. E.Q.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the

environment. This bill would expand the exemption by increasing the size of a residential project that would qualify for the exemption to include a project of not more than 5 acres in total area. The bill would require a lead agency approving an exempt residential project on an urbanized infill site to file a notice of exemption with the Office of Planning and Research, as specified. This bill contains other related provisions and other existing laws.

Summary: Current law regulates the transfer of property. Current law generally permits any kind of property to be transferred, subject to specified exceptions. This bill would prohibit a homebuilder of a new single-family dwelling unit, as defined, from conducting a bundled sale of 2 or more parcels of real property containing one to 4 single-family dwelling units, inclusive, under a single assessor's parcel number, in a single transaction to an institutional investor, as defined, if the certificate of occupancy was issued for a single-family dwelling unit within the bundled sale and the contract of sale was entered into on or after January 1, 2025. The bill would exempt a homebuilder from this prohibition if the homebuilder obtains an affidavit signed under penalty of perjury from the buyer that the buyer is not an institutional investor, among other things.

Summary: Current law requires specified designated transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system, as described. Current law requires the plan to include specified information, including a sustainable communities strategy prepared by each metropolitan planning organization, and requires each transportation planning agency to adopt and submit, every 4 years, an updated plan to the California Transportation Commission and the Department of Transportation. Current law requires the sustainable communities strategy to include specified information, including an identification of areas within the region sufficient to house all the population of the region over the course of the planning period of the regional transportation plan, as specified, and an identification of areas within the region sufficient to house an 8-year projection of the regional housing need for the region, as specified. This bill would additionally require each metropolitan planning organization to include in the sustainable communities strategy the total number of new housing units necessary to house all the population of the region over the course of the planning period of the regional transportation plan, as specified, and the total number of new housing units necessary to house the above-described 8-year projection, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Housing Accountability Act prohibits a local agency from disapproving a housing development project, as described, unless it makes certain written findings based on a preponderance of the evidence in the record. The act defines “disapprove the housing development” as including, among other things, until January 1, 2031, any instance in which a local agency fails to adopt a negative declaration or addendum for the project, to certify an environmental impact report for the

project, or to approve another comparable environmental document, if certain conditions are satisfied, or fails to make a determination of whether the project is exempt from the California Environmental Quality Act (CEQA) or commits an abuse of discretion if certain conditions are met, including that the applicant has given timely written notice to the local agency, as specified. The act requires the local agency, within 5 working days of receiving the notice, to file the notice with the county clerk for each county in which the project will be located, as specified. This bill would also require the local agency, within 5 working days of receiving the notice, to post the notice on the local agency's internet website and provide a copy to specified persons. The bill would additionally require the local agency to consider all objections, comments, evidence, and concerns submitted about the project or the applicant's written notice and would prohibit the local agency from making a determination until at least 60 days after the applicant has given timely written notice. The bill would make technical changes to the above-described provisions of the act defining "disapprove the housing development."

1st House				2nd House							

Summary: The Water Conservation in Landscaping Act provides for a Model Water Efficient Landscape Ordinance that is adopted and updated at least every 3 years by the Department of Water Resources, unless the department makes a specified finding. Current law requires a local agency to adopt the model ordinance or to adopt a water efficient landscape ordinance that is at least as effective in conserving water as the updated model ordinance, except as specified. Current law specifies the

provisions of the updated model ordinance, as provided. Current law includes a related statement of legislative findings and declarations. This bill would require the updated model ordinance to include provisions that require that plants included in a landscape design plan be selected based on their adaptability to climatic, geological, and topographical conditions of the project site, as specified. The bill would also exempt landscaping that is part of a culturally specific project, as defined, ecological restoration projects that do not require a permanent irrigation system, mined-land reclamation projects that do not require a permanent irrigation system, and existing plant collections, as part of botanical gardens and arboretums open to the public, from the model ordinance. The bill would require the updated model ordinance to include provisions that, among other changes, prohibit the use of traditional overhead sprinklers on all new and rehabilitated landscapes and require that new and rehabilitated landscapes use only water efficient irrigation devices.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law dissolved redevelopment agencies and community development agencies as of February 1, 2012, and provides for the designation of successor agencies to wind down the affairs of the dissolved redevelopment agencies and to, among other things, make payments due for enforceable obligations and to perform duties required by any enforceable obligation. Existing law authorizes the city, county, or city and county that created a former redevelopment agency to elect to retain the housing assets and functions previously performed by the former redevelopment agency. Existing law requires the housing successor to maintain any funds transferred to it, together with any funds generated from housing assets in a separate Low and Moderate Income Housing Asset Fund to be used in accordance with applicable housing-related provisions of the Community Redevelopment Law, except as specified. Existing law requires the housing successor to expend funds received from the successor agency to meet its enforceable obligations, and for specified administrative and monitoring costs relating to ensuring the long-term affordability of units subject to affordability restrictions. Existing law authorizes a housing successor, if it has fulfilled specified obligations regarding the replacement of dwelling units, to expend up to \$250,000 per fiscal year for homeless prevention and rapid rehousing services, including the provision of short-term or medium-term rental assistance, contributions toward the construction of local or regional homeless shelters, and housing relocation and stabilization services. This bill would increase the amount that a housing successor may expend per year on those homeless prevention and rapid rehousing services to \$500,000, plus any percentage change in the cost of living, as defined. The bill would require the Department of Housing and Community Development to publish on its internet website an adjustment to the amount that may be expended by a housing successor to reflect any percentage change in the cost of living.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf.	Enrolled	Vetoed	Chaptered
1st House				2nd House				Conc.			

Summary: Under current law, supportive housing is a use by right in zones where multifamily and mixed uses are permitted if the developer satisfies certain requirements. Current law defines "supportive housing" as housing with no limit on length of stay, that is occupied by the target population, and that is linked to onsite or offsite services that assist the supportive housing resident in specified activities. Current law requires a supportive housing development to include nonresidential floor area used for onsite services in specified amounts. In this regard, current law requires a supportive housing development with more than 20 units to provide at least 3% of the total nonresidential floor area for onsite supportive services. This bill would revise the above-described requirement for a supportive housing development with more than 20 units to, instead, require the supportive housing development provide at least 3% of the total floor area for onsite supportive services. The bill would authorize a supportive housing development to include administrative office space in its nonresidential floor area, provided that the total floor area dedicated to administrative office space does not exceed 25% of the total floor area. The bill would define "administrative office space" as an organizational headquarters or auxiliary office space utilized by a nonprofit organization for the purpose of providing onsite supportive services at a supportive housing development and other nonprofit operations. The bill would specify that "administrative office space" includes parking necessary to serve the office space. By expanding the use by right provisions to include administrative office space, the bill would expand the exemption for approval of ministerial projects under the California Environmental Quality Act (CEQA).

1st House				2nd House							

Summary: Current law requires a city or county to deem an applicant for a housing development project to have submitted a preliminary application upon providing specified information about the proposed project to the city or county from which approval for the project is being sought. Current law requires a housing development project be subject only to the ordinances, policies, and standards adopted and in effect when the preliminary application was submitted. This bill would authorize a development proponent that submits a preliminary application for a housing development project to request a preliminary fee and exaction estimate, as defined, and would require a city, county, or city and county to provide the estimate within 30 business days of the submission of the preliminary application. For development fees imposed by an agency other than a city, county, or city and county, the bill would require the development proponent to request the fee schedule from the agency that imposes the fee without delay.

1st House				2nd House							

Summary: The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency, including requiring that the local agency provide public notice and a majority protest procedure in the case of assessments and submit property-related fees and charges for approval by property owners subject to the fee or charge or the electorate residing in the affected area following a public hearing. Current law, known as the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local jurisdictions to comply with these requirements and, among other things, authorizes an agency providing water, wastewater, sewer, or refuse collection services to adopt a schedule of fees or charges authorizing automatic adjustments that pass through increases in wholesale charges for water, sewage treatment, or wastewater treatment or adjustments for inflation under certain circumstances. Current law defines, among other terms, the term “water” for these purposes to mean any system of public improvements intended to provide for the production, storage, supply, treatment, or distribution of water from any source. This bill would provide that the fees or charges for property-related water service imposed or increased, as specified, may include the incrementally higher costs of water service due to specified factors, including the higher water usage demand of parcels.

Summary: Current law creates the Metropolitan Transportation Commission as a local area planning agency for the 9-county San Francisco Bay area with comprehensive regional transportation planning and other related responsibilities. Current law creates various transit districts located in the San Francisco Bay area, with specified powers and duties relating to providing public transit services. Current law requires the commission to adopt rules and regulations to promote the coordination of fares and schedules for all public transit systems within its jurisdiction, as specified. This bill would create the Regional Network Management Council as an 11-member council to represent the interests of its stakeholders, to provide leadership and critical input on regional transit policies, and to provide executive guidance on regional transit policies and actionable implementation plans in pursuit of transformative improvements in the customer experience San Francisco Bay area transit. The bill would require the commission to facilitate the creation of the council.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes the California Dream for All Program to provide shared appreciation loans to qualified first-time homebuyers, as specified. Current law establishes the California Dream for All Fund, which is continuously appropriated for expenditure pursuant to the program and defraying the administrative costs for the agency. Current law authorizes moneys deposited into the fund to include, among other moneys, appropriations from the Legislature from the General Fund or other state fund. This bill would specify that an applicant under the program who meets all other requirements for a loan under the program, including, but not limited to, any requirements imposed by the Federal National Mortgage Association or other loan servicer, shall not be disqualified solely based on the applicant's immigration status. By expanding the persons eligible to receive moneys from a continuously appropriated fund, this bill would make an appropriation. The bill would recast the fund so that appropriations from the Legislature from the General Fund or other state fund are deposited into the California Dream for All Subaccount, which the bill would create and make available upon appropriation by the Legislature for specified purposes.

Summary: Current law requires the county assessor to consider, when valuing real property for property taxation purposes, the effect of any enforceable restrictions to which the use of the land may be subjected. Under current law, these restrictions include, among other enumerated items, a recorded contract with a nonprofit corporation that meets prescribed requirements, including requirements that the nonprofit corporation has received a welfare exemption for properties intended to be sold to low-income families who participate in a special no-interest loan program, and that the contract includes a deed of trust on the property in favor of the nonprofit corporation to ensure compliance with the terms of the program, as described. This bill would, for purposes of valuing property by the county assessor, establish a rebuttable presumption that, at the time of purchase, an assessor shall not include the value of the above-described deed of trust.

Summary: Current law sets forth the general responsibilities and roles of the Business, Consumer Services, and Housing Agency, the Department of Housing and Community Development (department), and the California Housing Finance Agency in carrying out state housing policies and programs. Current law, the G. David Singleton California Indian Assistance Program, requires the department to provide comprehensive technical assistance to tribal housing authorities, housing sponsors, and governmental agencies on reservations, rancherias, and on public domain to facilitate the planning and orderly development of suitable, decent, safe, and sanitary housing for American Indians residing in these areas. Upon request of the governing body of a reservation or rancheria, current law authorizes the department to act on behalf of the tribal housing authority and perform the functions thereof. This bill would remove the authority for the department to act on behalf of the tribal housing authority. The bill would also require the department to provide comprehensive technical assistance to tribes, designated tribal housing entities, and tribal housing departments on reservations, rancherias, and on public domain, and tribes that want to participate in tribal housing grant programs on fee simple land. The bill would additionally require the department to provide comprehensive technical assistance to facilitate the planning and orderly development of suitable, decent, safe, and sanitary housing for American Indians residing within a tribe's designated service area, as defined by the tribe.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. The Housing Element Law prescribes requirements for a city’s or county’s preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. If the department finds that a draft housing element or amendment does not substantially comply with the Housing Element Law, current law requires the legislative body of the city or county to either (A) change the draft element or amendment to substantially comply with the Housing Element Law or (B) adopt the draft housing element or amendment without changes and make specified findings as to why the draft element or amendment substantially complies with the Housing Element Law despite the findings of the department. Current law requires a planning agency to promptly submit an adopted housing element or amendment to the department and requires the department to review the adopted housing element or amendment and report its findings to the planning agency within 60 days. This bill would require a planning agency that makes the above-described findings as to why a draft housing element or amendment substantially complies with the Housing Element Law despite the findings of the department to submit those findings to the department. The bill would require the department to review those finding in its review of an adopted housing element or amendment. The bill would create a rebuttable presumption of validity for the department’s findings as to whether the adopted element or amendment substantially complies with the Housing Element Law.

Summary: The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive general plan that includes various elements, including land use, housing, and conservation elements, as specified. Current law requires the conservation element to consider the effect of development within the jurisdiction on natural resources located on public lands. This bill would additionally require the conservation element to consider the effect of development within the jurisdiction on the movement of wildlife and habitat connectivity. The bill would require the conservation element, upon the next update of one or more elements on or after January 1, 2028, to, among other things, identify and analyze connectivity areas, permeability, and natural landscape areas within the jurisdiction, identify and analyze existing or planned wildlife passage features, and consider the impacts of development and the barriers caused by development to wildlife and habitat connectivity. The bill would authorize a city, county, or city and county to incorporate by reference into its general plan an existing plan that meets these requirements. The bill would authorize a city, county, or city and county preparing to update its conservation element to consider incorporating appropriate standards, policies, and implementation programs, consult with specified entities, and consider relevant best available science.

Summary: The Housing Element Law prescribes requirements for a city’s or county’s preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. The Housing Accountability Act, among other things, prohibits a local agency from disapproving, or conditioning approval in a manner that renders infeasible, a housing development project for very low, low-, or moderate-income households unless the local agency makes

written findings as to one of certain sets of conditions, as specified. Among these conditions, the act allows a local agency to disapprove a housing development project that is inconsistent with the jurisdiction's zoning ordinances and general plan land use designation as it existed on the date the application was deemed complete, if the jurisdiction has adopted a revised housing element that is in substantial compliance with the Housing Element Law, as specified. This bill would make various changes to that condition. The bill would specify that a local agency may disapprove or condition approval of a housing development project or emergency shelter, as described above, if the local agency makes written findings that on the date the application for the housing development project or emergency shelter was deemed complete the jurisdiction did not have an adopted revised housing element that was in substantial compliance with the Housing Element Law and the housing development project is not a builder's remedy project, as defined.

Summary: The Personal Income Tax Law allows various deductions in computing the income that is subject to the taxes imposed by that law, including, in modified conformity with federal income tax laws, a deduction for a limited amount of interest paid on acquisition indebtedness, as defined, with respect to a qualified residence of the taxpayer. Current law limits the aggregate amount treated as acquisition indebtedness for these purposes to \$1,000,000, or \$500,000 in the case of a married individual filing a separate return. Current law specifies for these purposes that a qualified residence includes the taxpayer's principal residence and one other residence selected by the taxpayer, as provided. This bill, for taxable years beginning on or after January 1, 2025, would disallow the deduction of acquisition indebtedness with respect to a qualified residence of a taxpayer other than the principal residence. This bill would require the Franchise Tax Board, in consultation with the Department of Finance, to estimate the amount of additional revenue resulting from the above-described modifications made with respect to the calculation of taxable income under the Personal Income Tax Law by this bill and to notify the Controller of that amount, as provided.

Summary: The California Consumer Privacy Act of 2020 (CCPA), approved by the voters as Proposition 24 at the November 3, 2020, statewide general election, requires a consumer, as defined, to have various rights with respect to personal information, as defined, that is collected or sold by a business, as defined, including the right to direct a business that sells or shares personal information about a consumer to third parties to not sell or share the consumer’s personal information. The act prohibits a business from selling or sharing the personal information of a consumer if the business has actual knowledge that the consumer is less than 16 years of age, unless the consumer, or the consumer’s parent or guardian, as applicable, has affirmatively authorized the sale or sharing of the consumer’s personal information. This bill would instead prohibit a business from selling or sharing the personal information of a consumer if the business has actual knowledge that the consumer is less than 18 years of age and would revise the above-described prohibition to prohibit a business from selling or sharing the personal information of a consumer over 13 years of age, but less than 18 years of age, unless the consumer, or the consumer’s parent or guardian, as applicable, has affirmatively authorized the sale or sharing of the consumer’s personal information, as specified.

1st House				2nd House							

Summary: The Housing Element Law prescribes requirements for a city's or county's preparation of, and compliance with, its housing element, and requires the Department of Housing and Community Development to review and determine whether the housing element substantially complies with the Housing Element Law, as specified. Current law requires the housing element to include an inventory of land suitable and available for residential development. If that inventory of sites does not identify adequate sites to accommodate the need for groups of all household income levels, as provided, current law requires that the local government rezone sites within 3 years after the date the housing element is adopted or within one year if the local government fails to adopt a housing element that the department finds to be in substantial compliance with the Housing Element Law within 120 days of the statutory deadline to adopt the housing element. This bill, for the 7th and each subsequent revision of the housing element, would require a local government to complete the rezoning of sites within one year of the statutory deadline for the adoption of the housing element or the earlier of 3 years after the date the housing element is adopted or 90 days after receipt of comments from the department, as specified, if the local government satisfies certain requirements, including submitting a draft element or draft amendment to the department for review within specified timeframes and adopting a draft element or draft amendment that the department finds to be insubstantial compliance with the Housing Element Law, as specified.

(Bennett D) Groundwater extraction: large-diameter, high-capacity water wells: permits.

Current Text: Amended: 6/3/2024 [html](#) [pdf](#)

Last Amend: 6/3/2024

Status: 6/11/2024-In committee: Set, first hearing. Failed passage.

Location: 5/29/2024-S. N.R. & W.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Sustainable Groundwater Management Act requires all groundwater basins designated as high- or medium-priority basins by the Department of Water Resources to be managed under a groundwater sustainability plan or coordinated groundwater sustainability plans, except as specified. Current law authorizes any local agency or combination of local agencies overlying a groundwater basin to decide to become a groundwater sustainability agency for that basin and imposes specified duties upon that agency or combination of agencies, as provided. Current law requires the State Water Resources Control Board to adopt a model water well, cathodic protection well, and monitoring well drilling and abandonment ordinance implementing certain standards for water well construction, maintenance, and abandonment and requires each county, city, or water agency, where appropriate, to adopt a water well, cathodic protection well, and monitoring well drilling and abandonment ordinance that meets or exceeds certain standards. Under current law, if a county, city, or water agency, where appropriate, fails to adopt an ordinance establishing water well, cathodic protection well, and monitoring well drilling and abandonment standards, the model ordinance adopted by the state board is required to take effect, and is required to be enforced by the county or city and have the same force and effect as if adopted as a county or city ordinance. This bill would require a local enforcement agency, as defined, to perform specified activities at least 30 days before determining whether to approve a permit for a new large-diameter, high-capacity well, as defined. By imposing additional requirements on a local enforcement agency, the bill would impose a state-mandated local program.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA does not apply to the approval of ministerial projects. This bill would make a development that meets specified objective planning standards, including that, among other things, it is on a parcel that is within a zone where office, retail, health care, or parking are a principally permitted use, a permitted use and would require a local agency to review an application for that development on an administrative, non-discretionary basis. The bill would require a local agency, within 60 calendar days of receiving an application pursuant to these provisions, to approve or deny the application subject to specified requirements, including that, among other things, if the local agency determines that the development is in conflict with any of the above-described standards, the local agency is required to provide the development proponent written documentation of which standard or standards the development conflicts with, as specified. The bill would provide that a development eligible for approval pursuant to this process is not a "project" for purposes of CEQA, thereby expanding the exemption for ministerial approval of projects under CEQA.

Summary: Current law requires the Department of Transportation to prepare the California Transportation Plan for submission to the Governor and the Legislature as a long-range planning document that incorporates various elements and is consistent with specified expressions of legislative intent. Current law requires the department to complete the 3rd update to the plan by December 31,

2025, and to update the plan every 5 years thereafter. This bill would require the California Transportation Plan to also include a financial element that summarizes the full cost of plan implementation, a summary of available revenues through the planning period, and an analysis of what is feasible within the plan if constrained by a realistic projection of available revenues, as specified.

Summary: Would exempt from the California Environmental Quality Act (CEQA) a change in use approved by a lead agency that is a park district to allow public access to preexisting paved and natural surface roads, preexisting trails, preexisting pathways, and preexisting disturbed areas for vehicle parking, as specified, in areas used exclusively for nonmotorized recreation, if certain conditions are met. The bill would require the lead agency to post notice of, and hold, a public meeting to consider and solicit public input on the change in use under consideration before making a determination to approve or carry out the change in use, as specified. The bill would require the lead agency, if the lead agency determines that a change in use is not subject to CEQA pursuant to this provision and determines to approve or carry out the activity, to file a notice with the State Clearinghouse in the Office of Planning and Research and with the county clerk of the county in which the land is located, as provided. By imposing duties on public agencies related to the exemption, this bill would create a state-mandated local program. The bill would repeal these provisions on January 1, 2030.

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. Current law requires the planning agency of a city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development. Current law requires that the annual report include, among other specified information, the progress in complying with specified laws. Current law requires a city or county to provide an option for an applicant to apply for and retrieve a postentitlement phase permit on the city's or county's internet website. The Permit Streamlining Act requires a city, county, or special district to maintain on its internet website, as applicable, a current schedule of fees, exactions, and affordability requirements imposed by the city, county, or special district, including any dependent special district, applicable to a proposed housing development project, all zoning ordinances and development standards, and annual fee reports or annual financial reports, as specified. Current law requires a city, county, or special district to provide on its internet website an archive of impact fee nexus studies, cost of service studies, or equivalent, as specified. This bill would require the planning agency to include in the annual report evidence of compliance with the above-described internet website requirements.

Summary: Current law authorizes an owner of real property to install and operate on their property an electrified security fence, as defined, to protect and secure commercial, manufacturing, or industrial property, that meets specified requirements, except where a local ordinance prohibits that installation and operation. If a local ordinance allows the installation and operation of an electrified security fence, current law requires the installation and operation of the electrified security fence to meet the requirements of that ordinance. This bill would require a regulated gate, defined as any gate that weighs more than 50 pounds and is more than 48 inches wide or more than 84 inches high that is intended to be used by the public, an entire community or neighborhood, or any considerable number of persons, except as specified, to meet certain standards. The bill would require each building department to update, on or before July 1, 2026, its code requirements to ensure that any newly installed regulated gate in its jurisdiction meets those standards. The bill would require the owner of a regulated gate to have it inspected on or before July 1, 2026, or upon installation, and have it reinspected, thereafter, at least once every 10 years. The bill would require an owner to maintain a written report regarding the regulated gate's compliance with the specified requirements for at least 10 years and make the report available to the building department upon request. The bill would require the owner of a regulated gate that a professional or qualified employee, as defined, determines, upon inspection, to pose an immediate threat to safety to immediately stop the use of the gate until necessary repairs are completed and to engage a contractor or qualified employee to perform the repairs necessary to mitigate the emergency condition. The bill would require the owner of a regulated gate to engage a contractor or qualified employee to repair a regulated gate that is in need of repairs within a prescribed period, subject to imposition of an administrative fine by the building department, as specified. The bill would deem a regulated gate that fails to comply with these provisions 30 days after the owner of the gate has been notified of the violation.

1st House				2nd House							

Summary: Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law requires the body awarding a contract for a public work to obtain from the director the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is to be performed, and the general prevailing rate of per diem wages for holiday and overtime work, for each craft, classification, or type of worker needed to execute the contract. Under current law, if the director determines during any quarterly period that there has been a change in any prevailing rate of per diem wages in a locality, the director is required to make that change available to the awarding body and their determination is final. This bill would instead require the director, if the director determines during any semiannual period that there has been a change in any prevailing rate of per diem wages in a locality, to make that change available to the awarding body and that decision would have exceptions to its finality, including authorizing a contractor, awarding body, or representative to file a petition to review the director's determination.

1st House				2nd House							

Summary: (1)Existing law, the Affordable Housing and High Road Jobs Act of 2022, until January 1, 2033, authorizes a development proponent to submit an application for an affordable housing development or a mixed-income housing development that meets specified objective standards and affordability and site criteria, including being located within a zone where office, retail, or parking are a principally permitted use. The act makes a development that meets those objective standards and affordability and site criteria a use by right and subject to one of 2 streamlined, ministerial review processes depending on, among other things, the affordability requirements applicable to the project. This bill would make various changes to the objective standards and affordability and site criteria applicable to an affordable housing development or mixed-income housing development subject to the streamlined, ministerial review process under the act. Among other changes to those objective standards, the bill would prohibit an affordable housing development subject to the act from demolishing a historic structure that was placed on a national, state, or local historic register. This bill contains other related provisions and other existing laws.

Summary: The Mobilehome Parks Act, establishes requirements for the construction, maintenance, occupancy, use, and design of mobilehome parks. Current law requires the Department of Housing and Community Development to enforce the act, unless a city, county, or city and county has assumed responsibility for enforcement. A violation of these provisions is a misdemeanor. Current law requires an enforcement agency to enter and inspect mobilehome parks to ensure enforcement of the act, as specified. Current law requires an enforcement agency in developing its mobilehome park maintenance inspection program to inspect the mobilehome parks that the enforcement agency determines have complaints that have been made to the enforcement agency regarding serious health and safety violations in the park. Current law requires enforcement agencies, not less than 30 days before an inspection, to provide individual written notice of the inspection to the registered owners of the manufactured homes or mobilehomes, the occupants thereof, and the owner or operator of the mobilehome park, as specified. Existing law repeals these provisions on January 1, 2025. This bill would extend that repeal date to January 1, 2030.

Summary: The California Constitution specifies various requirements with respect to the levying of assessments and property-related fees and charges by a local agency, including notice, hearing, and protest procedures, depending on the character of the assessment, fee, or charge. Current law, known as the Proposition 218 Omnibus Implementation Act, prescribes specific procedures and parameters for local jurisdictions to comply with these requirements. This bill would prohibit, if a local agency complies with specified procedures, a person or entity from bringing a judicial action or proceeding alleging noncompliance with the constitutional provisions for any new, increased, or extended fee or assessment, as defined, unless that person or entity has timely submitted to the local agency a written objection to that fee or assessment that specifies the grounds for alleging noncompliance, as specified. This bill would provide that local agency responses to the timely submitted written objections shall go to the weight of the evidence supporting the agency's compliance with the substantive limitations on fees and assessments imposed by the constitutional provisions.

1st House				2nd House							

Summary: By Executive Order No. N-82-20, Governor Gavin Newsom directed the Natural Resources Agency to combat the biodiversity and climate crises by, among other things, establishing the California Biodiversity Collaborative and conserving at least 30% of the state's lands and coastal waters by 2030. Current law requires the Secretary of the Natural Resources Agency to prepare and submit, on or before March 31, 2024, and annually thereafter, a report to the Legislature on the progress made in the prior calendar year toward achieving the goal to conserve 30% of California's lands and coastal waters by 2030. Current law provides that it is the goal of the state to conserve at least 30% of California's lands and coastal waters by 2030, known as the 30x30 goal. This bill would provide that, to advance and promote environmental, conservation, and public access policies and budget actions, the Governor's office, state agencies, and the Legislature, when distributing resources, shall aspire to recognize the coequal goals and benefits of the 30x30 goal and Outdoors for All, and, to the extent practical, maximize investment in historically underserved urban communities consistent with those initiatives. The bill would encourage decisionmakers, when distributing resources to achieve the goals and benefits of the 30x30 goal and Outdoors for All, to consider factors that are unique to urban settings, including, among other things, higher land value acquisition and development costs per acre, the acute health needs of a local population due to historic lack of greenspace access and development externalities, local park needs assessment plans, current or impending loss of parks or greenspace as a result of state or federal infrastructure projects, and the availability of mobility options near a proposed land conservation site.

Location: 6/6/2024-S. THIRD READING

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Ralph M. Brown Act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing in specified circumstances if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law imposes prescribed restrictions on remote participation by a member under these alternative teleconferencing provisions, including establishing limits on the number of meetings a member may participate in solely by teleconference from a remote location, prohibiting such participation for a period of more than 3 consecutive months or 20% of the regular meetings for the local agency within a calendar year, or more than 2 meetings if the legislative body regularly meets fewer than 10 times per calendar year. This bill would revise those limits, instead prohibiting such participation for more than a specified number of meetings per year, based on how frequently the legislative body regularly meets.

Summary: Current law requires the Natural Resources Agency, in implementing actions to achieve the goal to conserve at least 30% of the state's lands and coastal waters by 2030 established by executive order, to prioritize specified actions. Current law requires the Secretary of the Natural Resources Agency to prepare and submit an annual report to the Legislature on the progress made during the prior calendar year toward achieving that goal, as provided. Current law requires that annual report to include certain information, including, among other information, the progress made in the prior calendar year to address equity as part of the above-described goal. This bill, the Wildlife Connectivity and Climate Adaptation Act of 2024, would additionally require the agency, as part of that report, to include an update on the state's progress towards addressing the priority wildlife corridors, as defined, identified in the Restoring California's Wildlife Connectivity report by the Department of Fish and Wildlife, and goals for wildlife corridor protection in the next five years.

1st House				2nd House							

Summary: The California Endangered Species Act prohibits the taking of an endangered, threatened, or candidate species, except as specified. Under the act, the Department of Fish and Wildlife (department) may authorize the take of listed species by certain entities through permits or memorandums of understanding for specified purposes. Current law requires the State Fire Marshal to identify areas in the state as moderate, high, and very high fire hazard severity zones based on consistent statewide criteria and based on the severity of fire hazard that is expected to prevail in those areas. Current law requires a local agency to designate, by ordinance, moderate, high, and very high fire hazard severity zones in its jurisdiction within 120 days of receiving recommendations from the State Fire Marshal, as provided. This bill would authorize a city, county, city and county, special district, or other local agency to submit to the department a wildfire preparedness plan to conduct wildfire preparedness activities on land designated as a fire hazard severity zone, as defined, that minimizes impacts to wildlife and habitat for candidate, threatened, and endangered species. The bill

would require the wildfire preparedness plan to include, among other things, a brief description of the planned wildfire preparedness activities, the approximate dates for the activities, and a description of the candidate, endangered, and threatened species within the plan area. The bill would require the department, if sufficient information is included in the wildfire preparedness plan for the department to determine if an incidental take permit is required, to notify the local agency within 90 days of receipt of the wildfire preparedness plan if an incidental take permit or other permit is needed, or if there are other considerations, exemptions, or streamlined pathways that the wildfire preparedness activities qualify for, including, but not limited to, the State Board of Forestry and Fire Protection's California Vegetation Treatment Program.

Summary: Current law establishes various programs to address homelessness, including requiring the Governor to create an Interagency Council on Homelessness. This bill would require the Governor to appoint a Statewide Homelessness Coordinator, within the Governor's office, subject to confirmation by the Senate, to serve as the lead person for ending homelessness in California. This bill would require the coordinator to perform prescribed duties, including, among others, identifying a local leader in each relevant city, county, city and county, or other jurisdiction to serve as a liaison between the coordinator and that jurisdiction, overseeing homelessness programs, services, data, and policies between federal, state, and local agencies, coordinating the timing of release of funds and applications for funding for housing and housing-based services impacting Californians experiencing homelessness, and, in collaboration with local leaders, providing annual recommendations to the Legislature and the Governor, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law requires the State Air Resources Board to complete, approve, and implement a comprehensive strategy to reduce emissions of short-lived climate pollutants in the state to reduce the statewide methane emissions by 40% below 2013 levels by 2030. Existing law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations that achieve specified targets for reducing organic waste in landfills, as provided. The

department's organic waste regulations require local jurisdictions to annually procure a quantity of recovered organic waste products and to comply with their procurement targets by directly procuring recovered organic waste products for use or giveaway or by requiring, through a written agreement, that a direct service provider to the jurisdiction procure recovered organic waste products, or both. Those regulations specify the types of recovered organic waste products that a jurisdiction may procure, including compost that is produced at a compostable material handling operation or facility, or a specified digestion facility that composts onsite. Other regulations of the department require all compostable materials handling activities to obtain a facility permit from the department prior to commencing operations and meet other specified requirements, but exclude from those requirements certain activities that the regulations state do not constitute a compostable material handling operation or facility, including the composting of green material, agricultural material, food material, and vegetative food material, and the handling of compostable materials under certain conditions, as provided. This bill would authorize local jurisdictions to be credited for the procurement of recovered organic waste products through an agreement with a direct service provider, as defined, and would allow the direct service provider agreement to include the procurement of recovered organic waste products on a prospective basis as long as the purchase of those products occurs during the year for which the local jurisdiction seeks credit, and under other specified circumstances. The bill would also authorize local jurisdictions to count towards their procurement targets, compost produced and procured from specified compost operations, as defined, and, specified investments and expenditures related to meeting its procurement target, as provided. The bill would allow the department, on or before January 1, 2027, to reevaluate, on a regular basis as determined by the department, the per capita procurement target calculation. The bill would authorize a local jurisdiction to determine a local per capita procurement target using information from a local jurisdiction waste characterization study, as specified. The bill would authorize a local jurisdiction to procure a quantity of recovered organic waste products that meets or exceeds a 5-year procurement target, as specified. The bill would require the department, in adopting and revising regulations, to consider other pathways to prioritize local use of compost and to consider developing and adopting methods to prioritize local use of compost, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Except as provided, the California Constitution requires that all property be taxed in proportion to its full value and assessed at the same percentage of fair market value. The tax imposed pursuant to these provisions is commonly referred to as an ad valorem property tax. Current property tax law, in accordance with the California Constitution, provides for a "welfare exemption" for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Under current property tax law, property that meets these requirements that is used exclusively for rental housing and related facilities is entitled to a partial exemption, equal to that percentage of the value of the property that is equal to the percentage that the number of units serving lower income households represents of the total number of residential units, in any year that any of certain criteria apply. Current law imposes various penalties and costs for delinquent payment of real property taxes. Current law, however, requires the cancellation of any delinquent penalty, cost, redemption penalty, interest, or redemption fee upon satisfactory proof, as described, that the penalty, cost, interest, or fee attached due to an error of the tax collector, the auditor, or the assessor or due to their inability to complete valid procedures initiated prior to the delinquency date, as specified. This bill would provide that a property owner is not liable for interest or penalties, and would prohibit the tax collector from taking or continuing any collection action, with respect to ad valorem property taxes levied upon a property if the property owner has submitted to the county assessor an application for an exemption pursuant to the above-described partial welfare exemption, except as provided, the property owner supplies evidence the property received a specified reservation of tax credits or award of funds, and facilities are in the course of construction, as defined. The bill would require an assessor to provide specified notice to a taxpayer if the assessor deems an application ineligible for exemption.

Summary: Current law authorizes an owner of real property to install and operate on their property an electrified security fence that has specified technical characteristics and is used to protect and secure commercial, manufacturing, or industrial property, or property zoned under another designation, but legally authorized to be used for a commercial, manufacturing, or industrial purpose. This bill would instead authorize an owner of real property to install and operate on their property an electrified security fence that is powered by an electrical energizer, driven by solar-charged batteries of no more than 12 volt of direct current, and used to protect and secure manufacturing or industrial property, or property zoned under another designation, but legally authorized to be used for a commercial purpose that stores, parks, services, sells, or rents vehicles and other materials, as specified.

1st House				2nd House							

Summary: The Mobilehome Residency Law Protection Act, until January 1, 2027, requires the Department of Housing and Community Development to provide assistance in resolving and coordinating the resolution of complaints relating to the Mobilehome Residency Law. Under the Mobilehome Residency Law, management of the mobilehome park may only terminate a tenancy for certain reasons. These specified reasons include nonpayment of rent, utility charges, or reasonable incidental charges, or change of use of the park or any portion thereof. This bill would prohibit a tenancy from being terminated and a notice of termination from being issued pursuant to the above-specified reasons during the period of any suspension or expiration of the permit to operate the park. The bill would permit the tenancy to be terminated after both the violation that was the basis of the suspension or expiration has been corrected and a valid permit to operate has been issued by the enforcement agency.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Mobilehome Parks Act (act) generally regulates various classifications of mobilehome and related vehicle parks, and imposes enforcement duties on the Department of Housing and Community Development and local enforcement agencies. The act authorizes any person to file an application with the governing body of a city or county for a conditional use permit for a mobilehome park. The act requires a person, before operating a mobilehome park, and each year thereafter, to obtain a valid permit from the enforcement agency in order to operate the park. The act also requires the owner of a mobilehome park to obtain a permit to create, move, shift, or alter park lot lines. This bill would, subject to specified exceptions, authorize an owner of an existing mobilehome park that is subject to, or intends to qualify for, a valid permit to operate the park, to apply to the enforcement agency to add additional specified lots to the mobilehome park not to exceed 10% of the previously approved number of lots in the mobilehome park, if the owner has not had their permit to operate suspended. The bill would require the owner to apply to the enforcement agency for, and obtain from the enforcement agency, all required permits pursuant to the act before adding additional lots. The bill would exempt the additional lots from any business tax, local registration fee, use permit fee, or other fee, except those fees that apply to the existing lots in the park, and would prohibit the owner from reducing the size of, or interfering with, certain existing facilities without first complying with specified requirements for creating, moving, shifting, or altering lot lines.

1st House				2nd House							

Summary: Current law requires agencies and departments administering state programs related to homelessness to adopt guidelines and regulations to incorporate core components of Housing First, as defined. Under current law, Housing First includes time-limited rental or services assistance, so long as the housing and service provider assists the recipient, among other things, in accessing permanent housing. Current law defines “state programs” for this purpose as any program a California state agency or department funds, implements, or administers for the purpose of providing housing or housing-based services to people experiencing homelessness or at risk of homelessness, except as provided. Under existing law, the core components of Housing First include, among others, services that are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants’ lives, where tenants are engaged in nonjudgmental communication regarding drug and alcohol use, and where tenants are offered education regarding how to avoid risky behaviors and engage in safer practices, as well as connected to evidence-based treatment if the tenant so chooses. This bill would clarify, pursuant to that core component, that state departments or agencies may allow programs to fund recovery housing, as defined, that use substance use-specific services, peer support, and physical design features supporting individuals and families on a path to recovery from addiction that emphasizes abstinence, so long as the state program meets specified requirements.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, which includes, among other mandatory elements, a housing element. That law requires, for the 4th and subsequent revisions of the housing element, the Department of Housing and Community Development (department), in consultation with each council of governments, where applicable, to determine the existing and projected need for housing for each region, at least 2 years prior to the scheduled revision of the housing element, as specified. That law requires the department’s determination to be based upon population projections produced by the Department of Finance and regional population forecasts developed by the council of governments and used for the preparation of the regional transportation plan, as specified. That law also requires the department to meet and consult with the council of governments regarding the assumptions and methodologies to be used to determine a region’s housing need and requires the council of governments to provide data assumptions from the council of governments’ projections, as specified. That law authorizes the department to accept or reject the information provided by the council of governments and, requires the department, after consultation with the council of governments, to make determinations on the data assumptions and the methodology the department will use to determine the region’s housing need, as specified. That law requires the department to provide its determinations to the council of governments, as specified. This bill would for the 8th and subsequent revisions of the housing element require the department to convene and engage stakeholders to consider improvements to the process of determining the existing and projected housing need for each region before determining any region’s existing projected housing need. The bill would require the department, prior to finalization of the regional determination, as specified, to publish on the department’s internet website a summary of the information the department considered and determinations made by the department to improve the process of determining the existing and projected housing need for each region. The bill would

additionally require the department to publish on its internet website the data sources, analyses, and methodology, including assumptions and factors used in and applied to the Department of Finance's population projections and engagement process with the council of governments prior to finalization of the regional determination. The bill would additionally require the department to publish its determinations on the data assumptions and methodology it will use to determine a region's housing need on the department's internet website.

1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA), until January 1, 2030, exempts from its requirements certain transportation-related projects if specified requirements are met, including that a local agency, as defined, is carrying out the project and that the project will be completed by a skilled and trained workforce, as provided. CEQA includes within these exempt transportation-related projects a public project for the institution or increase of bus rapid transit, bus, or light rail service, which will be exclusively used by low-emission or zero-emission vehicles, on existing public rights-of-way or existing highway rights-of-way. Current law requires the lead agency, if it determines that a transportation-related project is exempt from CEQA and determines to carry out the project, to file a notice of exemption with the Office of Planning and Research and the county clerk in which the project is located. This bill would expand that exemption from CEQA to include a public project for the

institution or increase of other passenger rail service, which will be exclusively used by zero-emission trains, located entirely within existing rail rights-of-way or existing highway rights-of-way. Because the bill would increase the duties of the county clerk, this bill would impose a state-mandated local program.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would authorize a county board of supervisors to exempt from property taxation any possessory interest held by a tenant of publicly owned housing, as defined, with a value so low that the total taxes and applicable subventions on the property would amount to less than the cost of assessing and collecting them, except as provided. The bill would provide that there is a rebuttable presumption that the property taxes and applicable subventions on a possessory interest held by a tenant in publicly owned housing are less than the costs of assessing and collecting those taxes and applicable subventions. The bill would set forth procedures for granting or denying those exemptions and for implementing the exemption. The bill would provide that the board shall be deemed to have agreed with the rebuttable presumption and the exemption shall be deemed granted if the board does not take any action, if the board agrees, by a majority vote, to grant the exemption at a public hearing, or if the board fails to reach a majority vote for or against the exemption at the public hearing. By imposing additional duties on county boards of supervisors and local tax officials, the bill would impose a state-mandated local program.

Location: 7/3/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law authorizes a local agency, by ordinance or ministerial approval, to provide for the creation of accessory dwelling units in areas zoned for residential use, as specified. Current law prohibits a local agency from denying a permit for an unpermitted accessory dwelling unit that was constructed before January 1, 2018, because the accessory dwelling unit is in violation of building standards or state or local standards applicable to accessory dwelling units, unless the local agency makes a finding that correcting the violation is necessary to protect the health and safety of the public or the occupants of the structure. Current law makes those provisions inapplicable to a substandard building, as specified. This bill would instead prohibit a local agency from denying a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit that was constructed before January 1, 2020, for those violations, unless the local agency makes a finding that correcting the violation is necessary to comply with conditions that would otherwise deem a building substandard. The bill would require a local agency to inform the public about the provisions prohibiting denial of a permit for an unpermitted accessory dwelling unit or junior accessory dwelling unit. The bill would require this information to include a checklist of the conditions that deem a building substandard and to inform homeowners that, before submitting a permit application, the homeowner may obtain a confidential third-party code inspection from a licensed contractor. The bill would prohibit a local agency from requiring a homeowner to pay impact fees or connection or capacity charges except under specified circumstances.

1st House				2nd House							

Summary: Current law creates, and continuously appropriates moneys in, the Voluntary Offshore Wind and Coastal Resources Protection Fund for purposes of the Voluntary Offshore Wind and Coastal Resources Protection Program and the Private Donations Account, which is created in the fund. Current law authorizes the State Energy Resources Conservation and Development Commission to accept federal and private sector moneys for purposes of the program and requires the private sector moneys to be deposited into the account and the federal moneys to be deposited into the fund. Current law requires the commission to post a report on its internet website, within 30 days of receiving a donation, about specified information regarding each donation received. Current law authorizes the commission to allocate moneys in the fund or account for specified purposes, including workforce development grants. This bill would additionally authorize the commission to allocate moneys in the fund or account for capacity funding activities and grants within local communities and tribal communities to engage in the process of offshore wind energy development. By expanding the purposes for which continuously appropriated moneys may be allocated, the bill would make an appropriation.

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA exempts from its requirements residential projects on infill sites and transit priority projects that meet certain requirements, including a requirement that the projects are located within 1/2 mile of a major transit stop. CEQA defines "major transit stop" to include, among other locations, the intersection of 2 or more major bus routes with a frequency of service interval of 15 minutes or less during the morning and afternoon peak commute periods. This bill would revise the definition of "major transit stop" to increase the frequency of service interval to 20 minutes.

Summary: Existing law creates the Governor’s Office of Business and Economic Development (GO-Biz) and requires GO-Biz to serve the Governor as the lead entity for economic strategy and the marketing of California on issues relating to business development, private sector investment, and economic growth. Existing law requires every city, county, and city and county to administratively approve an application to install electric vehicle charging stations through the issuance of a building permit or similar nondiscretionary permit and requires the review of an application to install an electric vehicle charging station to be limited to the building official’s review of whether it meets all health and safety requirements of local, state, and federal law. Existing law requires an electric vehicle charging station to comply with, among other things, all applicable rules of the Public Utilities Commission regarding safety and reliability, as specified. This bill would require GO-Biz to create and maintain a publicly accessible internet website that contains a landing page with functionality to collect information and report delays and denials regarding all applicable forms of permitting for zero-emission vehicle infrastructure, as specified. The bill would prohibit GO-Biz from publicly displaying any submissions received under these provisions. The bill would require GO-Biz in a new or existing working group, as specified, to evaluate the data it receives from the internet website and direct the working group to determine recommended solutions to address permitting delays. The bill would require, on or before January 1, 2026, GO-Biz to submit to the Legislature and publish on its internet website a comprehensive report regarding the challenges identified throughout the data collection process, as specified. The bill would also require GO-Biz to establish a permit streamlining specialist to assist authorities having jurisdiction with permit delays and denials related to these provisions.

Summary: The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan that includes, among other mandatory elements, a housing element. That law requires the housing element to include, among other things, documentation of projections and a quantification of the locality's existing and projected housing needs for all income levels, as defined, including the locality's share of the regional housing need, as specified, and an analysis of potential and actual governmental constraints upon the maintenance, improvement, or development of housing for all income levels, including certain policies and procedures that directly impact the cost and supply of residential development. That law requires the city or county's planning agency, after the legislative body has adopted a general plan, to submit an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development. This bill would require the housing element to include an analysis of historical preservation practices and policies and an assessment of how existing and proposed historic designations affect the locality's ability to meet its share of the housing need, as specified.

Summary: Current law establishes a prima facie speed limit of 25 miles per hour when approaching or

passing a school building or grounds contiguous to a highway or when the school grounds are not separated from the highway, as specified. Current law authorizes a local authority, by ordinance or resolution, to reduce the prima facie speed limit based on an engineering and traffic survey, as specified. This bill would, until January 1, 2028, instead establish a prima facie speed limit of 25 miles per hour in a school zone, as defined, subject to specified conditions, including, among others, when a school speed limit sign states "when children are present" and children are present, as defined, and when a school speed limit sign states specific hours, as specified. The bill would, notwithstanding the above provision and until January 1, 2028, authorize a local authority, by ordinance or resolution, to determine and declare a prima facie speed limit of 20 miles per hour in a school zone. The bill would, beginning on January 1, 2028, establish a prima facie speed limit of 20 miles per hour in a school zone, subject to conditions similar to those described above.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes the Department of Housing and Community Development and requires it to administer various programs intended to promote the development of housing and to provide housing assistance and home loans. Current law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. Unless an extension of a department loan, the reinstatement of a qualifying unpaid matured loan, the subordination of a department loan to new debt, or an investment of tax credit equity would result in a rent increase for tenants of a development, authorizes the Department of Housing and Community Development to approve an extension, reinstatement, subordination, payoff, extraction, or investment pursuant to specified rental housing finance programs, as specified, or if the department determines that a project has, or will have after rehabilitation or repairs, a potential remaining useful life equal to or greater than the term of the restructured loan. Current law authorizes the department to charge a monitoring fee to cover the aggregate monitoring costs in years the loan is extended and a transaction fee to cover its costs for processing restructuring transactions, and requires developer fee limitations to be consistent with specified laws and regulations, including regulations by the California Tax Credit Allocation Committee. This bill would revise and recast these provisions, including additionally authorizing the department to approve the payoff of a department loan in whole or part before the end of its term and the extraction of equity from a development for purposes approved by the department.

1st House				2nd House							

Summary: The Planning and Zoning Law requires the legislative body of each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city that includes, among other specified mandatory elements, a housing element. That law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region. That law further requires the appropriate council of governments, or, for cities and counties without a council of governments, the department, to adopt a final regional housing plan that allocates a share of the regional housing need to each city, county, or city and county in accordance with certain requirements. This bill would authorize a city or county, by agreement, to transfer all or a portion of its allocation of regional housing need to another city or county. The bill would allow the transferring city to pay the transferee city or county an amount determined by that agreement, as well as a surcharge to offset the impacts and associated costs of the additional housing on the transferee city.

1st House				2nd House							

Summary: Would require a city or county, upon the next update of one or more of the elements included in the general plan on or after January 1, 2028, to review and update its safety element as necessary to address the hazard of extreme heat, as specified. The bill would authorize a city or county that has adopted an extreme heat action plan or other document that fulfills commensurate goals and objectives to use that information in the safety element, as specified, and, upon doing so, would require the city or county to summarize and incorporate into the safety element the other plan or document. The bill would also authorize a city or county to use or reference information in the Extreme Heat Action Plan and the State Hazard Mitigation Plan, as described, to comply with the above-described updating requirement.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development, as defined, within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, a senior citizen housing development, as defined. The Density Bonus Law defines a "development" for these purposes to include a shared housing development, and defines various other terms, including "shared housing unit." This bill would expand the definition of a development for the above-described purposes to include a residential care facility for the elderly, as defined, and would specify that, in the case of a residential care facility, a "shared housing unit" includes a unit without a common kitchen where a room is shared by unrelated persons.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes a local authority, by ordinance or resolution, to prohibit or restrict the stopping, parking, or standing of vehicles on certain streets or highways during all or certain hours of the day. Current law authorizes the ordinance or resolution to include a designation of certain streets upon which preferential parking privileges are given to residents and merchants adjacent to the streets for their use and the use of their guests, under which the residents and merchants may be issued permits that exempt them from the prohibition or restriction of the ordinance or resolution. Current law prohibits a public agency from imposing any minimum automobile parking requirement on any residential, commercial, or other development project that is located within 1/2 mile of public transit, as defined, unless the public agency makes written findings that not imposing or enforcing minimum automobile parking requirements on the development would have a substantially negative impact on, among other things, the city’s, county’s, or city and county’s ability to meet its share of the regional housing need for low- and very low income households. This bill would, for purposes of its provisions, define “development project” to mean a residential, commercial, or other development project exempt from minimum automobile parking requirements, or subject to parking minimum reductions based on any other applicable law, located within the boundaries of the City of Los Angeles. This bill, for a development project that is located within a preferential parking area, would require the development project to be excluded from the boundaries of the preferential parking area and would prohibit the local authority, as defined, from issuing any permit to the residents or visitors of the development project that grants preferential parking privileges.

1st House				2nd House							

Summary: Current law authorizes the Public Utilities Commission to supervise and regulate every public utility in the state, including telephone corporations, and to fix just and reasonable rates and charges for public utilities. Current law requires the commission, on or before February 1, 1995, to issue an order initiating an investigation and open a proceeding to examine the current and future definitions of universal service in telecommunications. Pursuant to that provision, the commission issued a decision involving carriers of last resort, including the withdrawal process for carriers of last resort, defined as a carrier who provides local exchange service and stands ready to provide basic service to any customer requesting such service within a specified area. This bill would no longer require a telephone corporation seeking relief from carrier of last resort obligations to be a carrier of last resort or to have any carrier of last resort obligations if the telephone corporation submits a notice containing certain information to the commission and modifies and removes its commission tariffs. The bill requires telephone corporations to identify, as part of the notice, (1) a census block of the telephone corporation's service territory where there is no population or where the company has no basic exchange telephone service customers, or (2) a census block designated as urban where 2 or

more different service providers offer alternative voice services, as defined, to customers, or both.

1st House				2nd House							

Summary: The Proposition 218 Omnibus Implementation Act defines various terms and prescribes procedures and parameters for local jurisdictions to comply with specified provisions of the California Constitution. The Legislature adopted Assembly Constitutional Amendment 1 (ACA 1) at the 2023–24 Regular Session of the Legislature, which, if approved by the voters, would amend and add provisions of the California Constitution to create an additional exception to the 1% limit on the ad valorem tax rate on real property by authorizing a local jurisdiction to levy an ad valorem tax to service bonded indebtedness incurred to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, if the proposition proposing that tax is approved by 55% of the voters in that local jurisdiction; and authorize a local jurisdiction to impose, extend, or increase a sales and use tax to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure, affordable housing, or permanent supportive housing, if the proposition proposing that tax is approved by 55% of the voters in that local jurisdiction. Pursuant to the existing law described above, ACA 1 is scheduled to appear on the ballot at the November 5, 2024, statewide general election. This bill, for purposes of ACA 1, would define “affordable housing” to include rental housing, ownership housing, interim housing, and affordable housing programs such as downpayment assistance, first-time homebuyer programs, and owner-occupied affordable housing rehabilitation programs, that are affordable to households earning up to 150% of countywide median income. The bill would require a local government to ensure that any project that is funded with ACA 1 bonded indebtedness to have an estimated useful life of at least 15 years or 5 years if the funds are for specified public safety facilities, infrastructure, and equipment.

Summary: Current law establishes the Clean Transportation Program, administered by the State Energy Resources Conservation and Development Commission, to provide funding to certain entities to develop and deploy innovative technologies that transform California’s fuel and vehicle types to help

attain the state’s climate change policies. Current law limits funding under the program to specified categories of programs and projects. Current law creates the Alternative and Renewable Fuel and Vehicle Technology Fund, to be administered by the commission, and requires the moneys in the fund, upon appropriation by the Legislature, to be expended by the commission to implement the program. This bill would add to the categories of programs and projects eligible for funding under the Clean Transportation Program a program to repair or replace nonoperational electric vehicle chargers that are at least 5 years old and that are located in a publicly available parking space, as provided. The bill would require the commission to allocate at least 50% of the funding allocated for the repair or replacement program to low-income communities and disadvantaged communities.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law establishes the California Interagency Council on Homelessness to oversee the implementation of Housing First guidelines and regulations, and, among other things, identify resources, benefits, and services that can be accessed to prevent and end homelessness in California. Existing law requires a state agency or department that funds, implements, or administers a state program that provides housing or housing-related services to people experiencing homelessness or who are at risk of homelessness to revise or adopt guidelines and regulations to include enumerated Housing First policies. Existing law specifies the core components of Housing First, including services that are informed by a harm-reduction philosophy that recognizes drug and alcohol use and addiction as a part of tenants' lives and where tenants are engaged in nonjudgmental communication regarding drug and alcohol use. This bill would authorize state programs to fund supportive recovery residences, as defined, that emphasize abstinence under these provisions as long as the state program meets specified criteria, including using at least 90% of its funds in each county for housing or housing-based services using a harm-reduction model. The bill would specify requirements for applicants seeking funds under these programs and would require the state to perform periodic monitoring of select supportive recovery residence programs to ensure that the supportive recovery residences meet certain requirements, including that core outcomes of the supportive recovery housing emphasize long-term housing stability and minimize returns to homelessness. The bill would also prohibit eviction on the basis of relapse, as specified. The bill would require, if a tenant is no longer interested in living in a supportive recovery residence or is at risk of eviction, that the supportive recovery residence secure the tenant a permanent housing unit at a partner or other housing program operated with harm-reduction principles. This bill contains other related provisions and other existing laws.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: (1) Existing property tax law, pursuant to constitutional authorization, provides for a "welfare exemption" for property used exclusively for religious, hospital, scientific, or charitable purposes and that is owned or operated by certain types of nonprofit entities, if certain qualifying criteria are met. Existing law, for the 2022-23 fiscal year through the 2027-28 fiscal year, in the case of an owner of property that is a community land trust, as defined, requires that a unit continue to be treated as occupied by a lower income household for purposes of the welfare exemption if the occupants were lower income households on the lien date in the fiscal year in which their occupancy of the unit commenced and the unit continues to be rent restricted, notwithstanding an increase in the income of the occupants of the unit to 140% of area median income, adjusted for family size. Existing law requires that a lease between a community land trust and a lower income household satisfy specified requirements in order for these provisions to apply, including being a renewable 99-year ground lease. This bill would eliminate specified requirements of a lease agreement between a lower income household and a community land trust in order for the unit to continue to be treated as occupied by a lower income household, as described above. This bill contains other related provisions and other existing laws.

Summary: Current law requires the owner of qualifying residential property, as defined, that provides parking with the qualifying residential property to unbundle parking from the price of rent, as specified. Current law defines "unbundled parking" as the practice of selling or leasing parking spaces separate from the lease of the residential use. Current federal law provides housing assistance to low-income individuals and households in the form of vouchers, commonly known as Housing Choice Vouchers. This bill would exempt any residential unit that is leased to a tenant who receives a federal Housing Choice Voucher, including a federal Veterans Affairs Supportive Housing voucher, from the above-described requirement to unbundle parking.

Summary: Current law requires a state agency or department that administers one or more state homelessness programs, upon request of the California Interagency Council on Homelessness, to participate in council activities, as specified, and to provide to the council any relevant information regarding those state homelessness programs. This bill would require, commencing September 1, 2025, a state agency or department that administers one or more state homelessness programs to report annually to the council cost and outcome data for each program the agency or department administers, and would require the council to develop uniform data collection and reporting procedures for this purpose. The bill would require the council to compile the data reported by agencies and departments and, commencing April 1, 2026, annually make that data available to the public.

Summary: Current law requires the planning commission to hold a public hearing on any zoning ordinance or an amendment to a zoning ordinance that changes any property from one zone to another. If the proposed ordinance or amendment to a zoning ordinance affects the permitted uses of real property, current law requires notice of the hearing to be, among other things, mailed or delivered at least 10 days prior to the hearing to the owner of the subject real property, as specified. This bill would instead require notice of the planning commission's hearing on a proposed zoning ordinance or amendment to a zoning ordinance, if the proposed ordinance or amendment to a zoning ordinance affects the permitted uses of real property, to be published, posted, mailed, and delivered, or advertised, as applicable, at least 20 days before the hearing.

Status: 6/19/2024-From committee chair, with author's amendments: Amend, and re-refer to committee. Read second time, amended, and re-referred to Com. on L. GOV.

Location: 5/29/2024-S. L. GOV.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Mills Act authorizes an owner of any qualified historical property to contract with the legislative body of a city, county, or city and county to restrict the use of the property, as specified, in exchange for lowered assessment values. Current law defines "qualified historical property" as privately owned property that is not exempt from property taxation and meets certain criteria related to the property's historic significance. In this regard, current law requires the property to be listed in the National Register of Historic Places, located in a registered historic district, as defined, or listed in any state, city, county, or city and county official register of historical or architecturally significant sites, places, or landmarks. This bill, starting January 1, 2026, and until January 1, 2036, would expand the definition of "qualified historical property" for purposes of the Mills Act by providing alternative criteria that a privately owned property that is not exempt from property taxation may meet. That alternative criteria would require the property to be constructed at least 30 years prior to the year a legislative body and property owner enter into the contract to restrict the use of the property, and to be located within the City of Los Angeles on a site that satisfies certain criteria, including, among others, being in a zone where office, retail, or parking are a principally permitted use. The alternative criteria would also require the property to meet, in the determination of the City of Los Angeles, at least one of specified criteria, including, among others, being identified with important events of national, state, or local history, as specified.

1st House				2nd House							

Summary: Prior law, until January 1, 2024, authorized a county, city and county, or city to establish a capital investment incentive program, pursuant to which the county, city and county, or city was authorized to pay, upon request, a capital investment incentive amount that does not exceed the amount of property tax derived from that portion of the assessed value of a qualified manufacturing facility, as defined, that exceeds \$150,000,000 to a proponent of a qualified manufacturing facility for up to 15 years. Prior law required the proponent to enter into a community services agreement with the county, city and county, or city, including, among other things, a job creation plan. This bill would reestablish the authorization for capital investment incentive programs until January 1, 2035. The bill would additionally authorize the above-described capital investment incentive program for proponents of a qualified manufacturing facility with an assessed value that exceeds \$25,000,000 and would include additional requirements for the above-described job creation plan for these proponents. The bill would make conforming changes. This bill contains other related provisions.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires an owner of an assisted housing development proposing the termination of a subsidy contract or prepayment of governmental assistance or of an assisted housing development in which there will be the expiration of rental restrictions to provide a notice of the proposed change to each affected tenant household residing in the assisted housing development, as specified. The Planning and Zoning Law defines "assisted housing development" for these purposes to mean a multifamily rental housing development of 5 or more units that receives governmental assistance under any of specified programs, including assistance provided by counties or cities under specified law in exchange for restrictions on the maximum rents, as specified, and on the maximum tenant income, as specified. The Planning and Zoning law defines a "termination" for these purposes to mean an owner's decision to extend or renew its participation in a federal, state, or local government subsidy program or private, nongovernmental subsidy program for an assisted housing development, as specified. The Planning and Zoning Law defines the "expiration of rental restrictions"

for these purposes to mean the expiration of rental restrictions for an assisted housing development, as specified, unless the development has other recorded agreements restricting the rent to the same or lesser levels for at least 50% of the units. This bill would instead impose the above-described requirement on an owner prior to the anticipated date of termination of a subsidy contract or expiration of rental restrictions or prepayment on an assisted housing development, as specified. The bill would expand the definition of "assisted housing development" to include a development that receives assistance from counties or cities in exchange for affordability restrictions, as described above, pursuant to the Middle Class Housing Act of 2022; streamlining assistance pursuant to the Affordable Housing and High Road Jobs Act of 2022; specified law providing a streamlined, ministerial approval process for certain housing developments; or the Affordable Housing on Faith and Higher Education Lands Act of 2023. The bill would revise the definition of "termination" for these purposes to instead mean the failure of an owner to extend or renew its participation in the above-described programs, as specified.

1st House				2nd House							

Summary: The Teacher Housing Act of 2016 authorizes a school district to establish and maintain programs, as provided, that address the housing needs of teachers and school district employees who face challenges in securing affordable housing. The act restricts programs established under its provisions to teachers and school district employees, with certain exceptions. The act defines the term "teacher or school district employee" for these purposes to mean any person employed by a unified school district maintaining prekindergarten, transitional kindergarten, and grades 1 to 12, inclusive, an elementary school district maintaining prekindergarten, transitional kindergarten, and grades 1 to 8, inclusive, or a high school district maintaining grades 9 to 12, inclusive, including, but not limited to, certificated and classified staff. The act creates a state policy supporting housing for teachers and school district employees and permits school districts and developers in receipt of local or state funds or tax credits designated for affordable rental housing to restrict occupancy to teachers and school district employees, as specified. This bill would expand the authority provided under the act to include programs that address the housing needs of nonprofit organization employees who face challenges in securing affordable housing. The bill would define "nonprofit organization employee" for these purposes to include employees of a nonprofit organization operating early childhood, prekindergarten, or schoolage childcare, classrooms, or programs, or expanded learning classrooms and programs, on school district property with funding from the State Department of Education, the federal Head Start program, or other public funding targeted to children from families of low and moderate income.

1st House				2nd House							

Summary: Current law requires the State Fire Marshal to identify, according to specified procedures, high and very high fire hazard severity zones within state responsibility areas and lands that are not within state responsibility areas. Current law requires a person who owns, leases, controls, operates, or maintains a structure within specified portions of those areas to comply with defensible space requirements, as provided. These defensible space requirements include, among other things, a requirement to maintain a defensible space of 100 feet from each side and from the front and rear of the structure, as specified. This bill would, commencing with the 2026–27 fiscal year and annually thereafter, require each public school, including a charter school, serving more than 50 pupils in kindergarten or any of grades 1 to 12, inclusive, in a high or very high fire hazard severity zone, as identified by the State Fire Marshal, to comply with the above-described defensible space fire safety standards, and any subsequent regulations implementing those standards, as provided. The bill would require the operational area having jurisdiction within the school’s boundaries to annually verify school compliance with those defensible space standards. The bill would, commencing with the 2026–27 fiscal year, require disaster procedures in the comprehensive school safety plans to include the establishment of a procedure to identify appropriate refuge shelter for all pupils and staff, for use in the event of an evacuation order, and to notify the operational area having jurisdiction of the refuge.

Summary: Current law, operative until July 1, 2025, requires the Office of Emergency Services to enter into a joint powers agreement with the Department of Forestry and Fire Protection to develop and administer a comprehensive wildfire mitigation program to, among other things, encourage cost-effective structure hardening and retrofitting to create fire-resistant homes, businesses, and public buildings. That law requires the joint powers authority to develop eligibility criteria for property owners, community organizations, and local governments that may receive financial assistance under the wildfire mitigation program. This bill would require, on or before July 1, 2025, the Department of Insurance to be added to the California Wildfire Mitigation Program Board created pursuant to the joint powers agreement. The bill would also require this joint powers authority, when reviewing projects or proposals, to assess the extent to which the project or proposal would increase the availability of insurance policies covering damage from fire, as specified.

Summary: The California FAIR Plan Association is a joint reinsurance association in which all insurers licensed to write basic property insurance participate in administering a program for the equitable apportionment of basic property insurance for persons who are unable to obtain that coverage through normal channels. Current law requires the association’s plan of operation and any amendment to the plan to be approved by the Insurance Commissioner. Current law establishes the California Infrastructure and Economic Development Bank and authorizes it to issue bonds to provide funds for the payment of costs of a project for a participating party or upon request by a state entity. This bill

would authorize the association to request the California Infrastructure and Economic Development Bank to issue bonds, and would authorize the bank to issue those bonds to finance the costs of claims, to increase liquidity and claims-paying capacity of the association, and to refund bonds previously issued for that purpose. The bill would specify that the association is a participating party and that financing all or any portion of the costs of claims or to increase liquidity and the claims-paying capacity of the association is a project for bond purposes.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Employee Housing Act generally regulates employee housing, as defined. Among other things, the act authorizes a development proponent to submit an application for a development that is subject to a streamlined, ministerial process, as specified, and is not subject to a conditional use permit if certain requirements are met, including that the development is located on land designated as agricultural in the applicable city or county general plan, and that the development is an eligible agricultural employee housing development. The act defines eligible agricultural housing development as, among other things, an agricultural employee housing development that consists of no more than 36 units or spaces designed for use by a single family or household and is not ineligible for state funding under a provision that prohibits state funding from being provided to an employer who employs at least one H-2A worker, as specified. This bill would additionally authorize a development proponent to submit an application for a development that would subject to the above-described conditions, if the development is located on land in the County of Santa Clara or the County of Santa Cruz that is within 15 miles of an area designated as farmland or grazing by the Department of Conservation and is not a site or adjoined to a site where more than 1/3 of the square footage on the site is dedicated to industrial use, as specified. The bill would also increase the maximum number of units in an eligible agricultural employee housing development from 36 units to 150 units if the development is located with the County of Santa Clara or the County of Santa Cruz.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires each county and city to adopt a comprehensive, long-term general plan for its physical development, and the development of certain lands outside its boundaries, that includes, among other mandatory elements, a housing element. That law allows a development proponent to submit an application for a development that is subject to a specified streamlined, ministerial approval process not subject to a conditional use permit, if the development satisfies certain objective planning standards, including that the development is a multifamily housing development that contains two or more residential units. This bill would deem an adaptive reuse project a use by right in all zones, regardless of the zoning of the site, and subject to a streamlined, ministerial review process if the project meets specified requirements. In this regard, an adaptive reuse project, in order to qualify for the streamlined, ministerial review process, would be required to be proposed for an existing building that is less than 50 years old or meets certain requirements regarding the preservation of historic resources, including the signing of an affidavit declaring that the project will comply with the United States Secretary of the Interior’s Standards for Rehabilitation for, among other things, the preservation of exterior facades of a building that face a street, or receive federal or state historic rehabilitation tax credits, as specified. The bill would require an adaptive reuse project to meet specified affordability criteria. In this regard, the bill would require an adaptive reuse project for rental housing to include either 8% of the unit for very low income households and 5% of the units for extremely low income households or 15% of the units for lower income households. For an adaptive reuse project for owner-occupied housing, the bill would require the development to offer either 30% of the units at an affordable housing cost to moderate-income households or 15% of the units at an affordable housing cost to lower income households. The bill would require at least one-half of the square footage of the adaptive reuse project to be dedicated to residential uses. The bill would provide, among other things relating to projects involving adaptive reuse, that parking is not required for the portion of a project consisting of a building subject to adaptive reuse that does not have existing onsite parking.

1st House				2nd House							

Summary: Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development, as defined, within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, 20% of the total units, as defined, for lower income students in a student housing development that meets certain requirements. Current law requires that all units in the student housing development be used exclusively for undergraduate, graduate, or professional students enrolled full time at an institution of higher learning, as specified. To be eligible under this provision, current law requires a developer, as a condition of receiving a certificate of occupancy,

provide evidence to the city, county, or city and county that the developer has entered into an operating agreement or master lease with one or more institutions of higher education, as specified. Current law also requires the development to provide priority for the applicable affordable units for lower income students experiencing homelessness, as specified. Current law requires units described in these provisions to be subject to a recorded affordability restriction of 55 years. This bill would define "student housing development" to mean a development that contains bedrooms containing 2 or more bedspaces that have a shared or private bathroom, access to a shared or private living room and laundry facilities, and access to a shared or private kitchen. The bill would authorize units in the student housing development to be used for undergraduate, graduate, or professional students enrolled currently or in the past 6 months in at least 6 units at an institution of higher learning, as specified.

1st House				2nd House							

Summary: The Planning and Zoning Law authorizes a development proponent to submit an application for a multifamily housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards, including, among others, that the development is subject to a requirement mandating a minimum percentage of below market rate housing based on, among other things, that the project seeking approval dedicates 50% of the total number of units, as specified, to housing affordable to households making at or below 80% of the area median income. Current law provides, however, that a local ordinance adopted by the locality that requires that greater than 50% of the units be dedicated to housing affordable to households making at or below 80% of the area median income applies. This bill would also include as an objective planning standard, notwithstanding that provision, if the project application was submitted prior to January 1, 2019, and the project includes at least 500 units or more of housing, that the project dedicates 20% of the total number of units, as specified, as affordable units, with at least 9% affordable to households making at or below 50% of the area median income and the remainder affordable to households making at or below 80% of the area median income.

AB 3150 (Quirk-Silva D) Fire safety: fire hazard severity zones: defensible space: State Fire Marshal.

Current Text: Amended: 6/19/2024 [html](#) [pdf](#)

Last Amend: 6/19/2024

Status: 6/25/2024-From committee: Do pass and re-refer to Com. on APPR. (Ayes 14. Noes 0.) (June 25). Re-referred to Com. on APPR.

Location: 6/25/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the State Fire Marshal to classify lands within state responsibility areas into fire hazard severity zones, and, by regulation, designate fire hazard severity zones and assign to each zone a rating reflecting the degree of severity of fire hazard that is expected to prevail in the zone. Current law requires the State Fire Marshal to periodically review designated and rated zones and, as necessary, revise zones or their ratings or repeal the designation of zones. Current law also requires the State Fire Marshal to identify areas in the state that are not state responsibility areas as moderate, high, and very high fire hazard severity zones based on consistent statewide criteria and based on the severity of fire hazard that is expected to prevail in those areas, and to periodically review and make recommendations relative to very high fire hazard severity zones. Current law requires a local agency, within 30 days after receiving a transmittal from the State Fire Marshal that identifies those fire hazard severity zones, to make the information available for public review and comment, and, within 120 days of receiving recommendations from the State Fire Marshal, to designate, by ordinance transmitted to the State Board of Forestry and Fire Protection, moderate, high, and very high fire hazard severity zones in its jurisdiction. This bill would revise and recast the above-described provisions applicable to fire hazard severity zones in state responsibility areas and in areas that are not state responsibility areas. The bill would, as applied to areas in the state that are not state responsibility areas, require the State Fire Marshal, no less than once every 5 years, to both identify areas in the state as moderate, high, and very high fire hazard severity zones, and review and make recommendations relative to these designations, as provided.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law establishes a low-income housing tax credit program pursuant to which the California Tax Credit Allocation Committee provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing. Current law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year. Current law provides for an additional allocation of \$500,000,000 in low-income housing tax credits for the 2020 calendar year and up to \$500,000,000 for the 2021 calendar year and thereafter. Current law provides that the additional amount for the 2021 calendar year and thereafter is available only if the Budget Act or related legislation specifies an amount available for allocation. This bill would instead require that this additional allocation of low-income housing tax credits be \$500,000,000 for the 2020 calendar year through the 2030 calendar year, and up to \$500,000,000 for the 2031 calendar year and every year thereafter.

[AB 3177](#) (Carrillo, Wendy D) Mitigation Fee Act: land dedications: mitigating vehicular traffic impacts.

Current Text: Amended: 6/13/2024 [html](#) [pdf](#)

Last Amend: 6/13/2024

Status: 7/3/2024-From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 2.) (July 2). Re-referred to Com. on APPR.

Location: 7/3/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Mitigation Fee Act imposes various requirements with respect to the establishment, increase, or imposition of a fee by a local agency as a condition of approval of a development project. Current law requires a local agency that imposes a fee on a housing development for the purpose of mitigating vehicular traffic impacts to set the rate for the fee to reflect a lower rate of automobile trip generation if the housing development satisfies specified characteristics, including that the housing development is located within 1/2 mile of a transit station, as specified. Current law defines transit station for these purposes to mean a rail or light-rail station, ferry terminal, bus hub, or bus transfer station. This bill would instead require the housing development to be located within a transit priority area, as specified, for purposes of a local agency setting the rate for a mitigating vehicular traffic impacts fee to reflect a lower rate of automobile trip generation. The bill would define "transit priority area" as an area within 1/2 mile of a major transit stop that is existing or planned, if the planned stop

is scheduled to be completed within the planning horizon included in a Transportation Improvement Program or applicable regional transportation plan. This bill would prohibit a local agency from imposing a land dedication requirement, as defined, on a housing development to widen a roadway if the land dedication requirement is for the purpose of mitigating vehicular traffic impacts, achieving an adopted traffic level of service related to vehicular traffic, or achieving a desired roadway width.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. This bill would, if certain conditions are met, exempt from the provisions of CEQA the routine maintenance of stormwater facilities that are fully concrete or that have a conveyance capacity of less than a 100-year storm event. The bill would, if the lead agency determines that a project is not subject to CEQA pursuant to these provisions and determines to approve or carry out the project, require the lead agency to file a notice with the State Clearinghouse in the Office of Planning and Research and with the county clerk in the county in which the project will be located, as provided, thereby imposing a state-mandated local program. Because a lead agency would be required to determine whether a project qualifies for this exemption, the bill would impose a state-mandated local program.

1st House				2nd House							

Summary: The Geologic Energy Management Division in the Department of Conservation regulates the drilling, operation, maintenance, and abandonment of oil and gas wells in the state. Current law specifies that the purposes of the provisions relating to oil and gas include protecting public health and safety and environmental quality, including reduction and mitigation of greenhouse gas emissions associated with the development of hydrocarbon and geothermal resources in a manner that meets the energy needs of the state. This bill would instead specify that the purposes of the provisions relating to oil and gas include protecting public health and safety and environmental quality, preserving California's air, water, environment, and natural resources, and advancing the state's climate goals in a manner that meets the energy needs of the state, and that these provisions create a mandate to minimize harm from oil and gas operation activities.

1st House				2nd House							

Summary: Existing law authorizes the Public Utilities Commission to fix the rates and charges for every public utility, and requires that those rates and charges be just and reasonable. Existing law authorizes an electrical corporation to file an application requesting the commission to issue a financing order to authorize the recovery of costs and expenses related to a catastrophic wildfire, including fire risk mitigation capital expenditures, through the issuance of bonds by the electrical corporation that are secured by a rate component, as provided. This bill would, in addition to expenses related to catastrophic wildfires, authorize the use of a financing order to recover the costs of wildfire mitigation efforts, operational and maintenance expenses related to an electrical corporation’s wildfire mitigation plan, wildfire risk mitigation costs, vegetation management costs and expenses, or to recover an electrical corporation’s costs related to any federal or state declaration of a state of emergency. The bill would authorize an application for vegetation management expenses submitted by a large electrical corporation, as defined, to include the issuance of recovery bonds for vegetation management expenses, including where bond proceeds are refunded to customers, in an amount not to exceed a specified amount with an average repayment period not to exceed 15 years.

Status: 7/3/2024-From committee: Do pass and re-refer to Com. on APPR. (Ayes 10. Noes 0.) (July 2). Re-referred to Com. on APPR.

Location: 7/3/2024-S. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA establishes administrative procedures for the review and certification of the EIR for a project and judicial review procedures for any action or proceeding brought to challenge the lead agency’s decision to certify the EIR or to grant project approvals. This bill would establish streamlined procedures for the administrative and judicial review of the environmental review and approvals granted for an environmental leadership media campus project, defined by the bill as a construction or renovation project on a film and television media campus in the County of Los Angeles, under certain conditions. The bill would require a city within the County of Los Angeles that is the lead agency for an environmental leadership media campus project to certify the project for the streamlined judicial review, as specified, if the lead agency finds the project will meet those conditions. The bill would require the project applicant of the environmental leadership media campus project to take certain actions in order for those specified procedures to apply to the project. The bill would require the Judicial Council, on or before July 1, 2025, to adopt rules of court establishing procedures requiring actions or proceedings seeking judicial review of the certification of an environmental impact report for an environmental leadership media campus project or the granting of any project approval, including any appeals to the court of appeal or the Supreme Court, to be resolved, to the extent feasible, within 365 calendar days of the filing of the certified record of proceedings with the court. The bill would require the environmental leadership media campus project to meet certain labor requirements.

Summary: The Mitigation Fee Act imposes certain requirements on a local agency if the local agency requires payment of a fee, as a condition of approval of a development project, that is imposed to provide for an improvement to be constructed to serve the development project, or a fee for public improvements, as specified. In this regard, the Mitigation Fee Act requires the local agency to deposit the fee in a separate capital facilities account or fund, and to make certain information about the account or fund for the fiscal year available to the public within 180 days after the last day of each fiscal year. The Mitigation Fee Act requires this information to include, among other things, a brief description of the type of fee in the account or fund, the identification of each public improvement on which fees were expended, and the amount of fee refunds, as specified. The Mitigation Fee Act requires a local agency to provide a person paying the fee a link to the page on the local agency's internet website where this information is available for review. This bill, if a local agency has an internet website, on or before the last day of the 2029–30 fiscal year and on or before the last day of every 5th fiscal year thereafter, would additionally require the local agency to post this information with respect to each separate account or fund, established as described above, for the preceding 5 years on the local agency's internet website.

Summary: The California Constitution, pursuant to provisions enacted by the initiative Proposition 209 in 1996, prohibits the state from discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting. The California Constitution defines the state for these purposes to include the state, any city, county, public university system, community college district, school district, special district, or any other political subdivision or governmental instrumentality of, or within, the state. This measure would instead prohibit the state from harmfully discriminating against, or granting preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment or public education, except as provided. The measure would provide that, except as specified, a state agency or a local agency may use state moneys to fund research-based or research-informed and culturally specific programs in any industry if certain conditions are satisfied, including that those programs are established or otherwise implemented by the state for purposes of eliminating legal barriers to the creation of equality and equitable outcomes for all residents of the state in a specified manner.

1st House				2nd House							

Summary: The Planning and Zoning Law requires, for the 4th and subsequent revisions of the housing element, the Department of Housing and Community Development (department) to determine the existing and projected need for housing for each region, as specified. That law requires the department, in consultation with the council of governments, to determine the existing and projected need of housing for each region in a specified manner. That law requires the department's determination to be based upon population projections produced by the Department of Finance, as specified. That law also requires the department to meet and consult with the council of governments regarding the assumptions and methodologies to be used to determine each region's housing need and requires the council of governments to provide data assumptions from the council of governments' projections, as specified. That law authorizes the department to accept or reject the information provided by the council of governments and, after consultation with each council of governments, to make determinations on the council of governments' data assumptions and the methodology the department will use to determine each region's housing need. That law requires the department to provide its determinations to each council of governments, as specified. That law, upon making that determination, authorizes the council of governments to object to the determination. This bill, for regions in which the department is required to distribute the regional housing need, would prohibit a city or county from filing an objection to the regional housing need determination.

Summary: Existing law, the Community Assistance, Recovery, and Empowerment (CARE) Act, authorizes specified adult persons to petition a civil court to create a voluntary CARE agreement or a court-ordered CARE plan and implement services, to be provided by county behavioral health agencies, to provide behavioral health care, including stabilization medication, housing, and other enumerated services, to adults who are currently experiencing a qualifying severe mental illness and who meet other specified criteria. Existing law authorizes specified individuals to file a petition to commence the CARE process, including, but not limited to, a person with whom the respondent resides or a spouse, parent, sibling, child, or grandparent or an individual who stands in loco parentis to the respondent. Existing law authorizes the court to assign ongoing notification rights if the original petitioner is a person with whom the respondent resides, or a spouse, parent, sibling, child, or grandparent or an individual who stands in loco parentis to the respondent. This bill would require, unless the court determines that it likely would be detrimental to the treatment or well-being of the respondent, that the court provide ongoing notice throughout the CARE proceedings, including, but not limited to, when a continuance is granted or if the case is dismissed, if the original petitioner is a person with whom the respondent resides, or a spouse, parent, sibling, child, or grandparent or an individual who stands in loco parentis to the respondent. The bill would require the court, in the notice, to provide a general reason for the continuance if a continuance is granted, and specified reasons if the court grants dismissal. The bill would prohibit the court from disclosing certain health or medical information in the notice without the respondent's consent.

1st House				2nd House							

Summary: The California Age-Appropriate Design Code Act, among other things, requires a business that provides an online service, product, or feature likely to be accessed by children to comply with specified requirements, including a requirement to configure all default privacy settings offered by the online service, product, or feature to the settings that offer a high level of privacy, unless the business can demonstrate a compelling reason that a different setting is in the best interests of children, and to provide privacy information, terms of service, policies, and community standards concisely, prominently, and using clear language suited to the age of children likely to access that online service, product, or feature. Current law establishes the California Children’s Data Protection Working Group to deliver a report to the Legislature on or before January 1, 2024, and every 2 years thereafter, regarding best practices for the implementation of these provisions, as specified. Current law requires the working group to select a chair and a vice chair from among its members and requires the working group to consist of 10 members, as specified. This bill would specify that the working group is within the Office of the Attorney General, and would require the report to, instead, be delivered on or before July 1, 2024, and every 2 years thereafter.

1st House				2nd House							

Summary: Current law authorizes a law enforcement agency to request the Department of the California Highway Patrol to activate an Ebony Alert, with respect to Black youth who are reported missing, as specified. Current law requires, as a condition for requesting an Ebony Alert, that the

agency determine that the alert would be an effective tool in the investigation of missing Black youth, and lists factors that the agency may consider in making that determination. If the department concurs with the agency's determination, existing law authorizes the department to activate an Ebony Alert within the appropriate geographical area requested by the investigating law enforcement agency and to assist the agency by disseminating specified alert messages and signs. This bill would expand and revise the determinations a law enforcement agency must make to request an Ebony Alert. In this regard, the bill would require determinations that, among other things, the investigating law enforcement agency has used all available local resources and there is information available that, if disseminated to the public, could assist in the safe recovery of the missing person. If the department concurs with the agency's determination, the bill would make the department's activation of an Ebony Alert and assistance to the agency, as described above, required.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would extend the application of the university housing development project exemption until January 1, 2032. The bill would instead require a university housing development project carried out by the University of California, in order to be exempt from CEQA under the above-described exemption to be located on a campus site identified for housing in the most recent long-range development plan EIR or an EIR prepared for any subsequent amendment to that plan relating to housing, as specified. The bill would remove the requirement to file the LEED certificate with the county clerk of the county in which the project is located. This bill contains other related provisions and other existing laws.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law provides that in a civil action brought by a plaintiff to challenge a housing development project that meets or exceeds the requirements for low- or moderate-income housing, a defendant may seek an order requiring the plaintiff to furnish an undertaking as security for costs and damages that may be incurred by the defendant if the bringing of the action or seeking by the plaintiff of particular relief, including injunctive relief, would result in a delay in carrying out the development project. Current law requires this motion to be made on the grounds that (1) the action was brought in bad faith, vexatiously, to delay or thwart the low- or moderate-income nature of the housing development project and (2) the plaintiff will not suffer undue economic hardship by filing the undertaking. If the court determines, after hearing, that the grounds for the motion have been established, current law requires the court to order the plaintiff to file an undertaking that may not exceed \$500,000 as security for the defendant’s costs and damages. This bill would require the motion described above to be made solely on the ground that the action was brought in bad faith, vexatiously, for the purpose of delay, or to thwart the low- or moderate-income nature of the housing development project. The bill would permit the plaintiff, in responding to the motion, to seek to limit the amount of the undertaking by presenting evidence that filing the undertaking will cause the plaintiff to suffer undue economic hardship.

Location: 9/14/2023-A. 2 YEAR

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	2 year	Conf. Conc.	Enrolled	Vetoed	Chaptered	
1st House				2nd House								

Summary: Current law requires a proposed housing development containing no more than 2 residential units within a single-family residential zone to be considered ministerially, without discretionary review or hearing, if the proposed housing development meets certain requirements, including that the proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls, except as provided. Current law authorizes a local agency to impose objective zoning standards, objective subdivision standards, and objective design standards, as defined, except as specified, on the proposed housing development. Current law authorizes a local agency to deny a proposed housing development if specified conditions are met, including that the building official makes a written finding that the proposed housing development project would have a specific, adverse impact upon public health and safety or the physical environment, as provided. This bill would remove the requirement that a proposed housing development does not allow for the demolition of more than 25% of the existing exterior structural walls to be considered ministerially. The bill would prohibit a local agency from imposing objective zoning standards, objective subdivision standards, and objective design standards that do not apply uniformly to development within the underlying zone, but would specify that these provisions do not prohibit a local agency from adopting or imposing objective zoning standards, objective subdivision standards, and objective design standards on the development if the standards are more permissive than applicable standards within the underlying zone. The bill would remove the authorization for a local agency to deny a proposed housing development if the building official makes a written finding that the proposed housing development project would have a specific, adverse impact upon the physical environment. The bill would require the local agency to consider and approve or deny the proposed housing development application within 60 days from the date the local agency receives the completed application, and would deem the application approved after that time.

1st House				2nd House							

Summary: Current law requires the Department of Forestry and Fire Protection to establish a local assistance grant program for fire prevention and home hardening education activities and provides that local agencies, among others, are eligible for these grants. Current law requires the State Fire Marshal to identify areas of the state as moderate, high, and very high fire hazard severity zones based on specified criteria. Current law requires a local agency to designate, by ordinance, the State Fire Marshal’s moderate, high, and very high fire hazard severity zones in its jurisdiction within 120 days of receiving recommendations from the State Fire Marshal, and authorizes a local agency, at its discretion, to include additional areas within the jurisdiction of the local agency as moderate, high, and very high fire hazard severity zones. This bill would require the department, when reviewing applications for the local assistance grant program, to give priority to any local governmental entity that is qualified to perform defensible space assessments in very high and high fire hazard severity zones and that reports that information using the common reporting platform, as provided.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution authorizes the Legislature to exempt from taxation, in whole or in part, property that is used exclusively for religious, hospital, or charitable purposes, and is owned or held in trust by a nonprofit entity. Pursuant to this constitutional authority, existing law partially exempts, as described, from property taxation property that is used exclusively for rental housing and related facilities and that is owned and operated by specified entities if any of specified criteria are met. Under existing law, one of those criteria requires, except in the case of a limited partnership in which the managing general partner is a nonprofit corporation eligible for the exemption, that 90% or more of the occupants of the property be lower income households whose rents do not exceed the rent limits prescribed by a specified law. Existing law limits the total exemption amount allowed to a taxpayer under that criteria, with respect to a single property or multiple properties for any fiscal year on the sole basis of the application of that criterion, to \$20,000,000 of assessed value. This bill would remove, for the 2024–25 fiscal year through the 2028–29 fiscal year, the above-described limit on the total exemption amount for any property for which a claim is filed and granted if, in addition to the above-described requirement, at least 90% of the property’s units are made continuously available to, as defined, or are occupied by lower income households, as defined, at a rent that does not exceed the rent for lower income households, as prescribed by specified law, the property is owned and operated by an eligible nonprofit corporation, and the claimant provides an affidavit, signed under penalty of perjury, that any additional moneys that would have been used to pay any ad valorem property taxes on the property if not for the removal of the exemption cap will be used for the construction or rehabilitation of single or multifamily residential units on specified properties.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the State Fire Marshal to classify lands within state responsibility areas into fire hazard severity zones and, by regulation, designate fire hazard severity zones and assign to each zone a rating reflecting the degree of severity of fire hazard that is expected to prevail in the zone, as provided. Current law describes state responsibility areas for these purposes as areas of the state in which the financial responsibility of preventing and suppressing fires has been determined by the State Board of Forestry and Fire Protection to be primarily the responsibility of the state. Current law also requires the State Fire Marshal to identify areas of the state that are not state responsibility areas as moderate, high, and very high fire hazard severity zones based on specified criteria. This bill would revise and recast these provisions by, among other things, replacing the fire hazard severity zone requirements with a requirement that the State Fire Marshal designate, by regulation, a wildfire mitigation area in the state, excluding federal lands.

1st House				2nd House							

Summary: Current law regulates the hiring of real property and imposes various requirements on landlords relating to the application for, and leasing of, residential rental property. Current law establishes provisions for the renewal or termination of a hiring of residential real property for an unspecified term. Current law specifies the notice required for the termination of a hiring of residential property for an unspecified term. Current law makes a tenant of real property guilty of unlawful detainer if, among other things, the tenant continues in possession of the real property after giving notice of termination of a hiring of residential property for an unspecified term. This bill would prohibit a landlord or its agent from charging a tenant a fee for serving, posting, or otherwise delivering any notice, as specified in the above-described provisions.

1st House				2nd House							

Summary: The Special Occupancy Parks Act establishes requirements for the construction, maintenance, occupancy, use, and design of special occupancy parks. Current law defines "special occupancy park" to mean a recreational vehicle park, temporary recreational vehicle park, incidental camping area, or tent camp. This bill would specify that, for purposes of that act, a special occupancy park does not include a low-impact camping area. The bill would define a "low-impact camping area" to mean any area of private property that provides for the transient occupancy rental of a temporary sleeping accommodation, as defined, for recreational purposes that is not a commercial lodging facility and meets specified requirements. The bill would require the county in which the low-impact camping area is located to enforce some of those requirements, relating to waste disposal and quiet hours, as specified.

Summary: The California Coastal Act of 1976 requires the issuance of a coastal development permit if the proposed development is in conformity with the certified local coastal program. The act provides for the certification of local coastal programs by the California Coastal Commission. This bill would provide that an application by a local government to convert an existing motorized vehicle travel lane into a dedicated bicycle lane, dedicated transit lane, or a pedestrian walkway shall not require a traffic study for the processing of either a coastal development permit or an amendment to a local coastal program. The bill would require, if a proposal to convert an existing motorized vehicle travel lane into a dedicated bicycle lane, dedicated transit lane, or a pedestrian walkway within the developed portion of an existing road right-of-way requires an amendment to a local coastal program, that the amendment be processed in accordance with the procedures applicable to de minimus local coastal program amendments if the executive director of the commission makes specified determinations.

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development of the city or county that includes, among other elements, a housing element. That law requires the housing element to include, among other things, an identification and analysis of existing and projected housing needs. That law requires the city or county to provide by April 1 of each year an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of units of housing demolished and new units of housing that have been issued a completed entitlement, a building permit, or a certificate of occupancy. This bill would, for the 7th and subsequent revisions of the housing element, require the city or county to additionally include in the annual report the number of suite-style student housing quarters, subject to specified requirements, within the number of housing units demolished and new

units.

Summary: Current law requires the Office of Planning and Research to prepare, develop, and transmit to the Secretary of the Natural Resources Agency for certification and adoption proposed revisions to guidelines establishing criteria for determining the significance of transportation impacts of projects within transit priority areas to promote the reduction of greenhouse gas emissions, the development of multimodal transportation networks, and a diversity of land uses. Current law establishes the Transportation Agency in state government with various duties and responsibilities. The agency is under the supervision of the Secretary of Transportation, who has the power of general supervision over specified departments and offices, including the Department of Transportation. This bill would require the Transportation Agency, in consultation with local governments and other interested parties, as specified, by January 1, 2028, and subject to an appropriation by the Legislature for this purpose, to conduct and post on its internet website a study on how vehicle miles traveled is used as a metric for measuring transportation impacts pursuant to the California Environmental Quality Act (CEQA). The bill would require the study to include, among other things, an analysis of the differences in the availability and feasibility of mitigation measures for vehicle miles traveled in rural, suburban, and urban areas. The bill would repeal those provisions on January 1, 2029.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes the legislative body of a city or a county to adopt ordinances establishing requirements for parking, and permits variances to be granted from the parking requirements of a zoning ordinance for nonresidential development if the variance will be an incentive to the development and the variance will facilitate access to the development by patrons of public transit facilities. Current law prohibits a public agency from imposing any minimum automobile parking requirement on any residential, commercial, or other development project, as defined, that is located within 1/2 mile of public transit, as defined. Current law, notwithstanding the above-described prohibition, authorizes a city, county, or city and county to impose or enforce minimum automobile parking requirements on a housing development project if specified conditions are met. Current law authorizes a local authority to authorize preferential parking for designated groups to park on specified streets if the local authority determines that use of the permits will not adversely affect

parking conditions for residents and merchants in the area. This bill would prohibit a local authority from issuing any permit conferring preferential parking privileges to any residents or vendors of any developments within 1/2 mile of public transit and exempt from parking minimums. The bill would require the local authority to revise the boundaries of any such preferential parking district to exclude those developments from its boundaries. The bill would make related findings and declarations, and state that it is the intent of the Legislature to discourage car use by incentivizing development near public transit.

SB 915 (Cortese D) Local government: autonomous vehicle service.

Current Text: Amended: 5/16/2024 [html](#) [pdf](#)

Last Amend: 5/16/2024

Status: 6/17/2024-June 17 set for first hearing canceled at the request of author.

Location: 6/3/2024-A. TRANS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes an autonomous vehicle, as defined, to be operated on public roads for testing purposes by a driver who possesses the proper class of license for the type of vehicle being operated if certain requirements are met, including that the vehicle is being operated solely by employees, contractors, or other persons designated by the manufacturer. Current law prohibits an autonomous vehicle from being operated on public roads until the manufacturer submits an application to the Department of Motor Vehicles containing certain certifications regarding safety and other technological requirements and the department approves that application pursuant to adopted regulations. Current law, commencing January 1, 2030, and to the extent authorized by federal law, prohibits the operation of certain new autonomous vehicles that are not zero-emission vehicles, as defined. This bill would authorize a city with a population of 250,000 or greater that an autonomous vehicle service, as defined, has received authorization by the Department of Motor Vehicles, the Public Utilities Commission, or any other applicable state agency to operate, to protect the public health, safety, and welfare by enacting an ordinance in regard to autonomous vehicle services within that jurisdiction. The bill would require each city that enacts an ordinance to include certain provisions within that ordinance. These would include a policy for entry into the business of providing autonomous vehicle services including a permitting program that includes, among other things, the establishment of reasonable vehicle caps and hours of service restrictions. The bill would authorize a city with a population of less than 250,000 that shares a border or is contiguous to a city that has enacted an autonomous vehicle services ordinance to enact an ordinance substantially consistent with that autonomous vehicle services ordinance.

1st House				2nd House							

Summary: The Planning and Zoning Law requires each county and each city to adopt a comprehensive, long-term general plan for its physical development, and the development of specified land outside its boundaries, that includes, among other mandatory elements, a housing element. The Permit Streamlining Act, among other things, requires a public agency that is the lead agency for a development project to approve or disapprove that project within specified time periods. Current law extended by 18 months the period for the expiration, effectuation, or utilization of a housing entitlement, as defined, that was issued before, and was in effect on, March 4, 2020, and that would expire before December 31, 2021, except as specified. Current law provides that if the state or a local agency extended the otherwise applicable time for the expiration, effectuation, or utilization of a housing entitlement for not less than 18 months, as specified, that housing entitlement would not be extended an additional 18 months pursuant to these provisions. This bill would extend by 24 months the period for the expiration, effectuation, or utilization of a housing entitlement for a priority designated residential development project, as those terms are defined, that was issued before January 1, 2024, and that will expire before December 31, 2025, except as specified. The bill would toll this 24-month extension during any time that the housing entitlement is the subject of a legal challenge.

1st House				2nd House							

Summary: The Alcoholic Beverage Control Act contains various provisions regulating the application for, the issuance of, the suspension of, and the conditions imposed upon alcoholic beverage licenses by the Department of Alcoholic Beverage Control. Current law defines “entertainment zone” for purposes of the act as a zone created by ordinance on or after January 1, 2024, in the City and County of San Francisco, that authorizes consumption of one or more types of alcoholic beverages on public streets, sidewalks, or public rights-of-way adjacent to and during a special event permitted or licensed by the department. Current law authorizes the City and County of San Francisco to establish an

entertainment zone, subject to certain requirements, including providing specified information relating to the entertainment zone to the department and establishing a process or procedure by which persons in possession of alcoholic beverages in the entertainment zone may be readily identifiable as being 21 years of age or older. This bill would, instead, define "entertainment zone" as a zone created by a city, county, or city and county ordinance on or after January 1, 2025, that authorizes consumption of one or more types of alcoholic beverages on public streets, sidewalks, or public rights-of-way. The bill would additionally authorize any city, county, or city and county to establish an entertainment zone, subject to the above-described requirements. Before enacting an ordinance to establish an entertainment zone, the bill would require a city, county, or city and county to notify local law enforcement and request feedback about specific information, including, among others, the entertainment zone's proposed boundaries and days and hours of operation.

Summary: Current law creates the Metropolitan Transportation Commission as a local area planning agency for the 9-county San Francisco Bay area with comprehensive regional transportation planning and other related responsibilities. Current law creates various transit districts located in the San Francisco Bay area, with specified powers and duties relating to providing public transit services. This bill would authorize the commission to raise and allocate new revenue and incur and issue bonds and other indebtedness, as specified. In this regard, the bill would authorize the commission, until January 1, 2041, to impose a retail transactions and use tax, a regional payroll tax, a parcel tax, and a regional vehicle registration surcharge in all or a subset of the 9 counties of the San Francisco Bay area, except as specified, in accordance with applicable constitutional requirements. The bill would prohibit a tax or surcharge described above from being imposed for a period of time of more than 30 years. The bill would require the parcel tax to be collected by counties and the other 3 taxes to be collected by specified state agencies, and would require the net revenues from those taxes to be remitted to the commission, as prescribed.

Summary: Current law establishes various rental housing finance programs administered by the Department of Housing and Community Development. Current law authorizes the department to monitor and fund various multifamily housing loans. With respect to these programs and loans, existing law authorizes the department to approve an extension of a department loan, the reinstatement of a qualifying unpaid matured loan, the subordination of a department loan to new debt, or an investment of tax credit equity pursuant to specified rental housing finance programs and multifamily housing loans administered, monitored, or funded by the department, subject to specified requirements. This bill would additionally authorize the department to forgive the full amount of the principal, interest, fees, and other outstanding balances of the above-described loans if the borrower makes specified showings.

Location: 7/3/2024-A. THIRD READING

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. The Planning and Zoning Law requires the Department of Housing and Community Development (HCD) to determine whether the housing element is in substantial compliance with specified provisions of that law. The Planning and Zoning Law requires HCD to notify a city, county, or city and county, and authorizes HCD to notify the office of the Attorney General, that the city, county, or city and county is in violation of state law if the local government has taken action in violation of specified provisions of law. The Planning and Zoning Law also requires, among other things, that an application for a housing development be subject to a specified streamlined, ministerial approval process if the development satisfies certain objective planning standards. This bill, in any action brought by the Attorney General, on behalf of HCD or in an independent capacity, to enforce the adoption of housing element revisions, as specified, or to enforce any state law that requires a city, county, or local agency to ministerially approve any planning or permitting application related to a housing development project, as specified, would subject the city, county, or local agency to specified remedies, including a civil penalty of, at minimum, \$10,000 per month, and not exceeding \$50,000 per month, for each violation, as specified.

The bill would require that the penalties set forth in its provisions only apply when the local agency's acts or omissions, as described, are arbitrary, capricious, or entirely lacking in evidentiary support, contrary to established public policy, unlawful, or procedurally unfair. The bill would require these civil penalties, as specified, to be deposited into the Building Homes and Jobs Trust Fund for the sole purpose of supporting the development of affordable housing located in the affected jurisdiction, except as provided.

Summary: The California Integrated Waste Management Act of 1989 establishes the Department of Resources Recycling and Recovery to administer an integrated waste management program. Current law establishes a goal that statewide landfill disposal of organic waste be reduced from the 2014 level by 75% by 2025. This bill, on or before June 1, 2026, would require the Office of Planning and Research, in consultation with the Department of Resources Recycling and Recovery, to develop and post on the office's internet website, a technical advisory, as provided, reflecting best practices to facilitate the siting of composting facilities to meet the organic waste reduction goals. The bill would require the office to consult with specified entities throughout the development of the technical advisory.

1st House				2nd House							

Summary: Current law requires the Department of Resources Recycling and Recovery, in consultation with the State Air Resources Board, to adopt regulations to achieve certain reduction targets in the organic waste disposed in landfills and to analyze the progress that the waste sector, state government, and local governments have made in achieving those reduction targets, as provided. Current law authorizes the department to provide incentives to facilitate progress towards the reduction targets if the department determines that sufficient progress has not been made. The California Environmental Quality Act (CEQA), requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect, as provided. This bill would require the Department of Resources Recycling and Recovery to prepare and certify, by January 1, 2027, a program environmental impact report that streamlines the process with which jurisdictions can develop and site small and medium compostable material handling facilities or operations, as defined, for processing organic material, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Would require the Office of Legal Affairs, which would be established within the California American Freedmen Affairs Agency as provided by SB 1403 of the 2023-24 Regular Session, to, upon appropriation by the Legislature, review, investigate, and make certain determinations regarding applications from persons who claim they are the dispossessed owner, as defined, of property taken

as a result of racially motivated eminent domain. The bill would define “racially motivated eminent domain” to mean when the state, county, city, city and county, district, or other political subdivision of the state acquires private property for public use and does not distribute just compensation to the owner at the time of the taking, and the taking, or the failure to provide just compensation, was due, in whole or in part, to the owner’s ethnicity or race. Upon a determination that providing property or just compensation is warranted, as provided, the bill would require the Office of Legal Affairs to certify that the dispossessed owner is entitled to the return of the taken property, as specified, or other publicly held property, as defined, of equal value, or financial compensation, as specified. Upon a determination that the dispossessed owner is entitled to other publicly held property of equal value, the bill would require the Office of Legal Affairs to solicit and select, as specified, a list of recommendations of publicly held properties that are suitable as compensation, as provided. Upon a rejection of the determination of the Office of Legal Affairs by the state or local agency that took property by racially motivated eminent domain, the bill would authorize the dispossessed owner, as specified, to bring an action to challenge the taking or the amount of compensation, as provided. Upon a determination that an applicant is not a dispossessed owner or issuing property or just compensation is not warranted, the bill would require the Office of Legal Affairs to notify the applicant of its finding and provide an appeal process, as specified. The bill would make every finding, decision, determination, or other official act of the California American Freedmen Affairs Agency subject to judicial review.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law creates the Department of Insurance and prescribes the department’s powers and duties. Current law generally regulates the business of insurance in the state, including the underwriting and ongoing monitoring of insured risks. Current law generally requires an insurer or insurance producer to have underwriting guidelines that establish the criteria and process under which an insurer makes its decision to provide or to deny coverage. If a property insurer uses risk models for underwriting purposes, this bill would authorize the models to account for wildfire risk reduction associated with hazardous fuel reduction, home hardening, defensible space, and fire prevention activities. The bill would require an insurer using risk models for underwriting purposes, as specified, beginning January 15, 2026, and on or before each January 15 thereafter, to report to the department the extent to which models used for underwriting purposes account for specified categories of risk mitigation, and other specified information. The bill would require the department to post the information contained in the report, excluding any confidential or proprietary information, on its internet website.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution sets forth various requirements for the imposition of local taxes. The California Constitution excludes from classification as a tax assessments and property-related fees imposed in accordance with provisions of the California Constitution that establish requirements for those assessments and property-related fees. Under these requirements, an assessment is prohibited from being imposed on any parcel if it exceeds the reasonable cost of the proportional special benefit conferred on that parcel, and a fee or charge imposed on any parcel or person as an incident of property ownership is prohibited from exceeding the proportional cost of the service attributable to the parcel. The Proposition 218 Omnibus Implementation Act prescribes specific procedures and parameters for local compliance with the requirements of the California Constitution for assessments and property-related fees. This bill would require a local agency, if a court determines that a fee or charge for a property-related service, as specified, violates the above-described provisions of the California Constitution relating to fees and charges, to credit the amount of the fee or charge attributable to the violation against the amount of the revenues required to provide the property-related service, unless a refund is explicitly provided for by statute.

1st House				2nd House							

Summary: Current law establishes, within the office of the Governor, the Office of Emergency Services (OES), under the direction of the Director of Emergency Services. Current law charges the OES with coordinating various emergency activities within the state. The California Emergency Services Act, contingent upon an appropriation by the Legislature, requires the OES to enter into a joint powers agreement pursuant to the Joint Exercise of Powers Act with the Department of Forestry and Fire Protection to develop and administer a comprehensive wildfire mitigation program relating to structure hardening and retrofitting and prescribed fuel modification activities. Current law authorizes the joint powers authority to establish financial assistance limits and matching funding or other recipient contribution requirements for the program, as provided. This bill would, contingent on funding being appropriated pursuant to a bond act, as specified, establish the Rural Water Infrastructure for Community Wildfire Protection Program within the OES for the distribution of state matching funds to communities within the Wildland Urban Interface in designated high fire hazard severity zones or very high fire hazard severity zones to improve water system infrastructure, as prescribed.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The Starter Home Revitalization Act of 2021, among other things, requires a local agency to ministerially consider, without discretionary review or a hearing, a parcel map or a tentative and final map for a housing development project that meets certain requirements, including that the housing development project on the lot proposed to be subdivided will contain 10 or fewer residential units, is zoned for multifamily residential development, is no larger than 5 acres, as specified, and is no smaller than 600 square feet, except as provided. Current law prohibits a local agency from imposing on the housing development an objective zoning standard, objective subdivision standard, or objective design standard that, among other things, physically precludes the development of a project built to specified densities. This bill would prohibit, if a local agency chooses to permit accessory dwelling units and junior accessory dwelling units, those units from counting as residential units for purposes of the above-described requirement that a housing development project on the lot proposed to be subdivided will contain 10 or fewer residential units. The bill would revise the requirement that the lot be zoned for multifamily residential development and would instead require that the lot either be zoned for multifamily residential dwelling use or vacant, as defined, and zoned for single-family residential development. The bill would also revise the above-described requirements to instead include that the lot is no larger than 1 1/2 acres, as specified, and that if the parcels are zoned for single-family residential units, the newly created parcels on average are no less than 1,200 square feet.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law provides for the disposal of land owned by a local agency that is surplus and is not necessary for the agency's use. The local agency is required to declare the land either "surplus land" or "exempt surplus land," as prescribed. Current law sets forth procedures for the disposal of surplus land and provides that these procedures do not apply to exempt surplus land. Current law, for prescribed surplus land parcels developed with residential units, requires minimum percentages of residential units developed on the parcel to be sold or rented at affordable housing cost or affordable rent. This bill, with regard to surplus land, would require each parcel of land to be considered a distinct unit of surplus land, with the exception of contiguous parcels that are disposed of simultaneously to the same receiving entity or any entity working in concert with another receiving entity, which parcels the bill would require to be treated as a single unit of land.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered	
1st House				2nd House								

Summary: Current law authorizes the legislative body of a city or a county to designate a proposed enhanced infrastructure financing district to finance public capital facilities or other specified projects, with a governing body referred to as the public financing authority, by adopting a resolution of intention to establish the proposed district. Current law requires the legislative body to direct the city official or county official, as applicable, selected by the legislative body, to mail a copy of the resolution to each affected taxing entity. Current law requires the public financing authority of an enhanced infrastructure financing district to hold a meeting and 3 public hearings on a proposed infrastructure financing plan, as provided. Current law requires the infrastructure financing plan, among other things, to be sent to each owner of land within the proposed district and to each affected taxing entity. Current law establishes notice requirements for the meeting and public hearings, including requiring a written notice of each meeting or public hearing to be mailed to each landowner, each resident, and each taxing entity, as specified. Alternative to mailing the documents and notices, current law authorizes an official designated by the city or county to, instead, comply with alternative notice procedures. Current law requires the public financing authority to review the infrastructure financing plan at least annually and make any amendments that are necessary and appropriate. Current law requires a public financing authority to adopt an annual report, as provided, after holding a public hearing, and complying with certain notice requirements, including that the notice be mailed by first-class mail, but may be addressed to "occupant." This bill would revise and recast those provisions by, among other things, requiring the public financing authority to hold a meeting and 2 public hearings, as specified. The bill would remove the requirement that annual report notices be mailed by first-class mail. This bill would revise and recast the alternative notice procedures by, among other things, authorizing the alternative notice procedures to be used instead of the above-described notice requirements for amendments and annual plans.

1st House				2nd House								

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a

mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. CEQA requires the Office of Planning and Research to prepare and develop, and the Secretary of the Natural Resources Agency to certify and adopt, guidelines for the implementation of CEQA. CEQA requires the guidelines to include a list of classes of projects that have been determined not to have a significant effect on the environment and are exempt from the requirements of CEQA, commonly known as categorical exemptions. This bill, on or before January 1, 2026, would require the office to evaluate, and the secretary to consider, the inclusion of roadside projects no more than 5 road miles from a municipality or census-designated place that are undertaken solely for the purpose of wildfire risk reduction in the classes of projects subject to a categorical exemption. The bill would require the office to consider appropriate eligibility criteria for these projects, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. This bill would exclude from classification as "newly constructed" and "new construction" the construction of an accessory dwelling unit, as defined, if construction on the unit is completed on or after January 1, 2025, and before January 1, 2030, until one of specified events occurs. The bill would require the property owner to, among other things, notify the assessor that the property owner intends to claim the exclusion for an accessory dwelling unit and submit an affidavit stating that the owner shall make a good faith effort to ensure the unit will be used as residential housing for the duration the owner receives the exclusion.

Summary: Would make any covenant, restriction, or condition contained in any rental agreement or other instrument affecting the tenancy of a homeowner or resident in a mobilehome park, in a subdivision, cooperative, or condominium for mobilehomes, or in a resident-owned mobilehome park that effectively prohibits or restricts the installation or use of a solar energy system, as defined, on the mobilehome or the site, lot, or space on which the mobilehome is located void and unenforceable. The bill would make it unlawful for the management or the ownership to prohibit or restrict a homeowner or resident from installing or using a solar energy system on the home or the site, lot, or space on

which the mobilehome is located or to take other specified actions in connection with the installation or use of a solar energy system, except as specified. The bill would exempt imposition of reasonable restrictions on solar energy systems, as defined. The bill would require a solar energy system to meet applicable health and safety standards and requirements imposed by state and local permitting authorities. The bill would make any entity that willfully violates these provisions in a subdivision, cooperative, or condominium for mobilehomes, or a resident-owned mobilehome park liable to the homeowner, resident, or other party for actual damages occasioned thereby, and for a civil penalty paid to the homeowner, resident, or other party in an amount not to exceed \$2,000.

1st House				2nd House							

Summary: The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the exclusive authority and procedure for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts, except as specified. The act continues in existence in each county a local agency formation commission (LAFCO) that consists of members appointed, as specified, and oversees those changes of organization and reorganization. The act authorizes a LAFCO to, among other things, review and approve with or without amendment, wholly, partially, or conditionally, or disapprove proposals for changes of organization or reorganization, as specified. This bill would authorize a LAFCO to require, as a condition for, among other things, processing a change of organization or reorganization, that the applicant agrees to defend, indemnify, and hold harmless the LAFCO, its agents, officers, and employees from and against any claim, action, or proceeding, as specified, to attack, set aside, void, or annul an approval by the LAFCO. The bill would require the LAFCO to promptly notify the applicant of any claim, action, or proceeding to attack, set aside, void, or annul an approval by the LAFCO and require the LAFCO to fully cooperate in the defense. The bill would specify that an applicant who is a party to the agreement is not responsible to defend, indemnify, or hold harmless the LAFCO if the LAFCO fails to notify the applicant or cooperate fully in the defense, and is not required to pay or perform any settlement relating to the agreement, unless the applicant approves the settlement.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law vests the Public Utilities Commission with regulatory authority over public utilities, including electrical corporations, gas corporations, sewer system corporations, and water corporations, while local publicly owned utilities, including municipal utility districts, public utility districts, and irrigation districts, are under the direction of their governing boards. This bill would, for

new housing construction, require the above-described utilities, on or before January 1, 2026, to publicly post on their internet websites (1) the schedule of estimated fees for typical service connections for each housing development type, including, but not limited to, accessory dwelling unit, mixed-use, multifamily, and single-family developments, except as specified, and (2) the estimated timeframes for completing typical service connections needed for each housing development type, as specified. The bill would exempt from its provisions a utility with fewer than 4,000 service connections that does not establish or maintain an internet website due to a hardship and would authorize the utility to establish that a hardship exists by annually adopting a resolution that includes detailed findings, as provided.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law vests the Public Utilities Commission with regulatory authority over public utilities, including gas corporations. Existing law requires every public utility to furnish and maintain adequate, efficient, just and reasonable service, instrumentalities, equipment, and facilities as are necessary to promote the safety, health, comfort, and convenience of its patrons, employees, and the public.This bill would require each gas corporation, on or before July 1, 2025, and annually thereafter, to submit to the commission a map containing certain information, including the location of all potential gas distribution line replacement projects identified in its distribution integrity management plan and other foreseeable gas distribution pipeline replacements. The bill would require the commission, on or before January 1, 2026, to designate priority neighborhood decarbonization zones considering, among other things, the concentration of gas distribution line replacement projects identified in the maps. The

bill would require the commission, on or before January 1, 2026, to establish a voluntary program to facilitate the cost-effective decarbonization of priority neighborhood decarbonization zones, as defined, not to exceed 30 pilot projects across the state and affecting no more than 1% of each gas corporation's customers within its service territory, except as provided. The bill would prohibit the commission from establishing pilot projects on or after January 1, 2030. The bill would require the commission to establish various processes, criteria, methodology, and requirements in administering the pilot projects, including by establishing the criteria and methodology for determining the cost-effectiveness of zero-emission alternatives, as defined, and establishing the appropriate rate of return and recovery period that a gas corporation is eligible to receive for their costs to implement zero-emission alternatives. The bill would also require the commission to submit various reports to the relevant committees of the Legislature regarding the pilot projects, as provided. The bill would authorize a gas corporation to cease providing service in an area within its service territory where a pilot project has been implemented if the commission determines that adequate substitute energy service is reasonably available to support the energy end uses of affected gas corporation customers, as provided. The bill would, except as provided, repeal the above-described provisions on January 1, 2031. This bill contains other related provisions and other existing laws.

1st House				2nd House							

Summary: Current law authorizes the Department of Toxic Substances Control (DTSC), in consultation with the Department of Resources Recycling and Recovery, the State Water Resources Control Board, and affected local air quality management districts, to adopt regulations to establish management standards for metal shredding facilities for hazardous waste management activities within DTSC's jurisdiction, as provided. Current law provides that treated metal shredder waste that is managed in accordance with those regulations is deemed to be solid waste, and not hazardous waste, as provided. This bill would repeal those provisions and would establish a comprehensive scheme for the regulation of metal shredding facilities. The bill would prohibit an owner or operator from operating a metal shredding facility, as defined, in the state unless they have a permit from DTSC or are deemed to have a permit. The bill would prescribe the requirements for obtaining a permit, for being deemed to have a permit, for operating a metal shredding facility, and for transporting certain materials related to metal shredding, as specified. The bill would provide that certain materials related to metal shredding are not hazardous waste if they meet specified requirements.

1st House				2nd House							

Summary: Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law defines the term "public works" for purposes of requirements regarding the payment of prevailing wages to include construction, alteration, demolition, installation, or repair work done under contract and paid for using public funds, except as specified. Existing law requires an awarding body, as part of a labor compliance program, to withhold contract payments when, among other things, payroll records are delinquent or inadequate. Current law requires an awarding body, as specified, to provide notice of withholding of contract payments to the contractor or subcontractor. Current law requires the notice to be in writing and describe the nature of the violation and the amount of wages, penalties, and forfeitures withheld. This bill would require a private labor compliance entity, prior to withholding funds for an alleged violation, to, among other things, notify the Division of Labor Standards Enforcement and confer with the negotiating parties to review relevant public works law.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law declares that all water within the state is the property of the people of the state, but the right to the use of the water may be acquired by appropriation in the manner provided by law. Current law requires the appropriation to be for some useful or beneficial purpose. Current law provides, however, that the diversion of floodflows for groundwater recharge does not require an appropriative water right if certain conditions are met, including that a local or regional agency that has adopted a local plan of flood control or has considered flood risks as part of its most recently adopted general plan has given notice, as provided, of imminent risk of flooding and inundation of lands, roads, or structures. Current law defines "floodflow" for these purposes, to include circumstances in which flows would inundate ordinarily dry areas in the bed of a terminal lake to a depth that floods dairies and other ongoing agricultural activities, or areas with substantial residential, commercial, or industrial development. Current law defines "imminent" for these purposes to mean a high degree of confidence that a condition will begin in the immediate future. Current law also requires the person or entity making the diversion for groundwater recharge purposes to file with the State Water Resources Control Board and any applicable groundwater sustainability agency for the basin, a notice containing specified information no later than 48 hours after initially commencing diversion of floodflows for groundwater recharge, a preliminary report no later than 14 days after initially commencing that diversion, and a final report no later than 15 days after the diversions cease. These requirements apply to diversions commenced before January 1, 2029. This bill would also require an entity making the diversions for groundwater recharge that is required to file the notice and the reports, including the final report, as described above, with the board and the applicable groundwater sustainability agency for the basin, to also file those documents with the agency that issued the applicable flood determination. The bill would require the final report to contain information, if applicable, describing the forecasting models used to determine a likely imminent escape of surface water and a description of the methodology used to determine the abatement of flood conditions.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law authorizes a governing body of a political subdivision, as those terms are defined, to declare a shelter crisis if the governing body makes a specified finding. Upon declaration of a shelter crisis, existing law, among other things, suspends certain state and local laws, regulations, and ordinances to the extent that strict compliance would prevent, hinder, or delay the mitigation of the effects of the shelter crisis and allows a city, county, or city and county, in lieu of compliance, to adopt by ordinance reasonable local standards and procedures for the design, site development, and operation of homeless shelters and the structures and facilities therein. Current law, among other things, exempts from the California Environmental Quality Act specified actions by a state agency or a city, county, or city and county to lease, convey, or encumber land owned by a city, county, or city and county, or to facilitate the lease, conveyance, or encumbrance of land owned by the local government for, or to provide financial assistance to, a homeless shelter constructed or allowed by these provisions. Current law repeals these provisions on January 1, 2026. This bill would expand the exemption from the California Environmental Quality Act described above to include action taken by a state agency or a city, county, or city and county, to approve a contract to provide services for people experiencing homelessness to a homeless shelter constructed pursuant to, or authorized by, these provisions, as specified.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the State Air Resources Board, no later than July 1, 2008, to adopt hydrogen fuel regulations that ensure state funding for the production and use of hydrogen fuel contributes to the reduction of the emissions of greenhouse gases, criteria air pollutants, and toxic air contaminants, and ensure the production and direct use of hydrogen fuel in motor vehicles also contributes to a reduced dependence on petroleum, as provided. Current law requires that those regulations impose certain requirements relating to emissions from hydrogen fuel and require that, on a statewide basis, no less than 33.3% of the hydrogen produced for, or dispensed by, fueling stations that receive state funds be made from specified renewable energy resources. Current law requires the state board, in consultation with other relevant agencies, to review the emissions and renewable resource requirements every 4 years and strengthen those requirements if it makes a specified determination. Current law requires the Secretary for Environmental Protection to convene the California Environmental Protection Agency’s Environmental Justice Advisory Committee at least once annually to solicit the committee’s comments on the production and distribution of hydrogen fuel. This bill would delete those requirements. The bill would express the policy of the state that hydrogen produced for use in a fuel cell electric vehicle shall have a well-to-gate carbon intensity equal to or less than the carbon intensity of electricity from the California electrical grid when used to power an electric vehicle.

Summary: The Alfred E. Alquist Hospital Facilities Seismic Safety Act of 1983 establishes, under the

jurisdiction of the Office of Health Care Access and Information, a program of seismic safety building standards for certain hospitals constructed on and after March 7, 1973. Current law requires that, by January 1, 2030, owners of these hospitals must either demolish, replace, or change to nonacute care use all hospital buildings that are not in compliance with these standards or seismically retrofit all acute care inpatient hospital buildings so they are in substantial compliance with these standards, unless subject to an abeyance. This bill would additionally authorize additional extensions to the compliance deadline if specified requirements are met. The bill would authorize the department to grant an extension of the deadline for substantial compliance with seismic safety regulations or standards to January 1, 2033, for any hospital building for which the hospital owner submits specified items to the department by specified dates. The bill would authorize a hospital to propose a final compliance date that extends up to 5 years beyond January 1, 2033, but no later than January 1, 2038. The bill would additionally authorize the department to grant a different extension to the deadline for substantial compliance with seismic safety regulations or standards for up to an additional 5 years if the owner has demonstrated one or more specified requirements to the department. The bill would require the department to take additional actions prior to granting an extension beyond January 1, 2033.

1st House				2nd House							

Summary: Current law prescribes requirements for the disposal of surplus land by a local agency. Current law defines "surplus land" for these purposes to mean land owned in fee simple by any local agency for which the local agency's governing body takes formal action in a regular public meeting declaring that the land is surplus and is not necessary for the agency's use. Current law provides that an agency is not required to follow the requirements for the disposal of surplus land for "exempt surplus land," except as provided. Current law defines "exempt surplus land" to include certain types of land, including surplus land that the local agency is exchanging for another property necessary for the agency's use. This bill would define "exempt surplus land" to include land that: (1) is being or will be developed for a health facility, as defined and specified; (2) is located at one of certain sites within the City of Sacramento; (3) is not identified in the sites inventory in the applicable housing element for lower income households; and (4) will be subject to a recorded deed restriction for a period of 55 years, as specified.

Summary: The Architects Practice Act establishes the California Architects Board in the Department of Consumer Affairs until January 1, 2025, for the licensure and regulation of persons engaged in the practice of architecture, and makes specified violations of those provisions a crime. The board is also responsible for the licensure and regulation of landscape architects. This bill would extend the operation of the California Architects Board until January 1, 2029, and make related conforming changes. By extending the operation of these provisions, the bill would impose a state-mandated local program.

Summary: The California Emergency Services Act authorizes the Governor to declare a state of emergency, and local officials and local governments to declare a local emergency, when specified conditions of disaster or extreme peril to the safety of persons and property exist, and authorizes the Governor or the appropriate local government to exercise certain powers in response to that emergency. This bill would additionally include a landslide among those causes of the conditions constituting a state of emergency or local emergency.

Summary: The State Housing Law establishes statewide construction and occupancy standards for buildings used for human habitation. Current law requires, for those purposes, that any building, including any dwelling unit, be deemed to be a substandard building when a health officer determines that any one of specified listed conditions exists to the extent that it endangers the life, limb, health, property, safety, or welfare of the public or its occupants. This bill would instead specify that a building be deemed a substandard building when a health officer determines that any of those listed conditions exist to the extent that it endangers the life, limb, health, property, safety, or welfare of the occupants of the building, nearby residents, or the public. The bill would clarify that the term "substandard building" for purposes of the State Housing Law means a residential building or any other building or portion thereof that is deemed to be substandard pursuant to the provisions described above, and would clarify that standard applies regardless of the zoning designation or approved use of the building. The bill would make conforming changes to this effect.

1st House				2nd House							

Summary: Current federal law establishes federal housing assistance programs that are administered by the federal Department of Housing and Urban Development (HUD). Existing federal law authorizes HUD to waive regulations promulgated to implement these programs, as provided. The Housing Authorities Law, establishes a housing authority in each county and each city, known as the housing authority of the county or city. Current law establishes a low-income housing tax credit program through which, in order to promote the provision of affordable low-income housing within and throughout the state, the California Tax Credit Allocation Committee allocates low-income housing tax credits, in modified conformity with certain federal law. Current law also establishes the Department of Housing and Community Development and requires it to administer various programs regarding housing for persons with specified incomes, including the Joe Serna, Jr. Farmworker Housing Grant Program, which is funded by a continuously appropriated fund, the Multifamily Housing Program, the Infill Incentive Grant Program of 2007, the Infill Incentive Grant Program of 2019, the Transit-Oriented Development Implementation Program, which is funded by a continuously appropriated fund, the Housing for a Healthy California Program, and the Veterans Housing and Homeless Prevention Act of 2014, which is funded by a continuously appropriated fund and which the department administers in collaboration with the California Housing Finance Agency and the Department of Veterans Affairs, as specified. In jurisdictions for which HUD has granted a housing authority created pursuant to the Housing Authorities Law, as described above, a waiver to streamline and reduce barriers to entry for unhoused populations seeking entry into projects pursuant to or in connection with specified federal law, this bill would: (1) prohibit certain state entities from taking any negative actions, as specified, against certain participants in the programs described above unless the participant has not cured the noncompliance within 24 months of discovery of the violation; and (2) if an agreement between the participant and certain government entities imposes certain income restrictions, deem the tenant to satisfy that income restriction if certain requirements are met.

Summary: The Housing Crisis Act of 2019, among other things, prohibits an affected city or affected county from approving any development project that will require the demolition of occupied or vacant protected units, or that is located on a site where protected units were demolished in the previous 5 years, unless specified requirements are satisfied. Current law defines various terms for the purpose of carrying out these provisions. This bill would make nonsubstantive changes to the definition provisions.

Summary: Current law requires every city, county, and city and county to administratively approve an application to install electric vehicle charging stations through the issuance of a building permit or similar nondiscretionary permit and requires the review of an application to install an electric vehicle charging station to be limited to the building official's review of whether it meets all health and safety requirements of local, state, and federal law. Current law requires an electric vehicle charging station to comply with, among other things, all applicable rules of the Public Utilities Commission regarding safety and reliability, as specified. This bill would express the intent of the Legislature to enact subsequent legislation that would reduce state and local permitting barriers for electric vehicle charging.

SB 1527 (Committee on Revenue and Taxation) Property taxation: exemption: low-value properties and tribal housing.

Current Text: Amended: 6/24/2024 [html](#) [pdf](#)

Last Amend: 6/24/2024

Status: 7/2/2024-From committee: Do pass and re-refer to Com. on APPR. with recommendation: To consent calendar. (Ayes 6. Noes 0.) (July 1). Re-referred to Com. on APPR.

Location: 7/2/2024-A. APPR.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution authorizes the Legislature, with the approval of 2/3 of the membership of each house, to allow a county board of supervisors to exempt from property taxation those properties having a value too low to justify the costs of assessment and collection. Current property tax law implementing this authority generally limits any exemption granted under this constitutional provision by a county board of supervisors to real property with a total base year value, or personal property with a full value, not exceeding \$10,000. That law, however, increases, for lien dates occurring on or after January 1, 2020, and before January 1, 2025, the \$10,000 limitation to \$50,000 in the case of a possessory interest. For lien dates occurring on or after January 1, 2025, the \$50,000 limitation increase applies only to possessory interests for a temporary and transitory use in specified facilities. This bill would extend the \$50,000 limitation increase applicable to possessory interests generally to lien dates occurring on or after January 1, 2020, and before January 1, 2030.

Location: 3/15/2023-S. GOV. & F.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Constitution limits the amount of ad valorem taxes on real property to 1% of the full cash value of that property, defined as the county assessor's valuation of real property as shown on the 1975-76 tax bill and, thereafter, the appraised value of the real property when purchased, newly constructed, or a change in ownership occurs after the 1975 assessment, subject to an annual inflation adjustment not to exceed 2%. This measure would end the operation of the above-described provisions of Proposition 19 on January 1, 2025. The measure would reinstate, on January 1, 2025, the prior rule excluding from classification as a "purchase" or "change in ownership" the purchase or transfer of a principal residence, and the first \$1,000,000 of other real property, in the case of a purchase or transfer between parents and their children, or between grandparents and their grandchildren if all the parents of those grandchildren are deceased.
